TAFT'S OPINION OF POLICY FOR
PHILIPPINES.

FEW INSURGENTS KEEPING UP
THE TURMOIL.
ELECTION ENDED THE WAR
FILIPINOS LOOKED TO BRYAN
FOR FREEDOM.

Washington, Feb. 4.—Governor Taft today continued his narrative before the senate committee on the Philippines concerning conditions in the Philippine archipelago.

Referring to his testimony of yesterday, he said he feared that he had given a wrong impression concerning the part the army had played in bringing the insurrection to an end, but if so this was due to the fact that he could not present a correct impression of the whole situation from one point of view. Then, in order to give the army its just dues, he took up and analyzed its work in the islands. He recalled that as soon as General Otis had received reinforcements sufficient for his purposes the Philippine army had broken up and scattered into guerrilla bands. On this point Aguinaldo and Luna had differed. Luna advocating the continuance of the war on the old lines. So sharp was this difference, he said, that Aguinaldo had directed and secured the assassination of Luna, thus leaving the way open for the carrying out of his own plans. He would not, he said, report the incident if it had not been positively reported to him by General Funston. Aguinaldo said that if he did not kill Luna, Luna would kill him. Indeed, the custom was to order a man's death in his absence and have him killed upon his return. The presence of these guerrilla bands rendered it necessary to place garrisons everywhere, there being at one time as many as 500 of them. This rendered the work before the army very arduous, and the activity, the skill and the bravery of the American troops were such as to render the enemy tired of the warfare.

Speaking of the military policy in the Philippines, Governor Taft said: "The war has been all over the islands and that which remains is a crime against civilization. It is also a crime against the Filipino people to keep up a state of war under the circumstances. They have worn out the right to any treatment but that which is severe and within the laws of war."

Governor Taft also said that the great majority of the people of the islands desire peace and that the insurrectionists were by their acts preventing the mass of the people from settling down and earning a quiet living. Instead of being allowed to do this, they were kept under a system of terrorism, which should be stopped.

"The condition of activity continued until the last presidential election in the United States," said the governor. "The insurgents believed that if Mr. Bryan should be elected there would be a change of policy and the islands surrendered, placing those who were in insurrection in charge, but when Mr. McKinley was elected there was a feeling that there would be an indefinite retention of the archipelago and that the system then in force would be continued."

Discussing the effect of the guerrilla warfare, Governor Taft said it often resulted in the murder of the Filipinos themselves.

"I venture to say that there is not a Filipino general or commanding officer who could not be convicted of responsibility for the killing of their own people." This led him to speak of the traits of the Filipinos, one of which, he said, was cruelty. He had been told by American officers of many instances of mutilation of the corpses of our soldiers. This being true, it was not surprising that there had been some retaliation on the part of small bands of American soldiers. He had heard of no charge of mutilation, but there probably were some cases of unnecessary killing, some cases of whipping and some cases of what is called the "water cure," this method of punishment consisting of pouring water down the throats of men until they would swell up, and becoming frightened, would tell what they might know, as, for instance, as to where guns could be secured. In this connection he called attention to the orders of General MacArthur as to these practices, which were, he said, very strict. If these instructions of propriety had occurred he was sure they

had been in the face of direct orders to the contrary.

WILL CONSIDER TAXATION.

St. Paul, Feb. 4.—In response to a call by Governor Van Sant the Minnesota legislature convened in extra session at 11 o'clock today. Speaker Dowling, according to a ruling of the attorney general, needed no reelection and called the house to order, while Lieutenant Governor Smith officiated in like manner in the senate. After completing the organization by electing clerks and sergeants-at-arms, both houses adjourned for the day in memory of Representative J. W. Torrey, of Meeker county. Governor Van Sant's message will be received today and it is thought it will be devoted almost entirely to the tax revision as proposed in the measure recommended by the tax commission. Mention of the so-called railroad merger proceedings may be taken, but the governor will give no advance intimation of his purposes in that connection.

HITS CHRISTIAN SCIENCE

MEMBER OF REICHSTAG WANTS IT SUPPRESSED.

Would Have a Law Making It Illegal in Germany—Doctrine Held to be Dangerous.

Berlin, Feb. 4.—Christian Science was debated in the reichstag yesterday. While considering a resolution asking the government to place insane asylums under imperial control, Dr. Heinrich Mueller, radical socialist, said he thought that the government should take action against the "Mrs. Eddy swindle in Flottwell street, Berlin," alluding to the establishment of a certain Frau Levin Schonen, where, Dr. Mueller said, prayer healing was performed at two marks an hour and that Frau Levin Schonen had followers in the higher circles of Berlin society.

Stoecker, conservative, formerly court preacher, said that Christian Science was a product of bad philosophy and worse theology imported from the United States, and that it should be made illegal in Germany. Stoecker suggested that the reichstag appoint a committee to investigate occult phenomena.

Count von Posadowsky-Wehner, imperial secretary of state for the interior, referring to this matter later, said:

"Christian Science and Spiritualism have the same psychological source, which I regard as quite dangerous. There are certain phenomena that impress even the higher circles of society, the psychological causes of which can hardly be fathomed. These come and go, and even cool-headed and thoughtful observers and believers therein cannot be combated by force. I earnestly warn against using the power of the state against such things."

The subject of Christian Science was then dropped.

ART STUDENT ENDS HER LIFE

BELEND A RIORDAN COMMITS SUICIDE.

Found in Room in Philadelphia—Had Taken Carbolic Acid and Inhaled Gas.

Philadelphia, Pa., Feb. 4.—Belinda Riordan, aged about 30 years, whose home is at 192 Fourth street, Troy, N. Y., a student in the Pennsylvania Academy of Fine Arts, was found dead today in her room at a boarding house in this city, having committed suicide some time last night. The body was lying upon the floor. In the breast over the heart were three gashes inflicted by a painter's palette knife and beside the body lay an empty phial that had contained carbolic acid. A tube, one end of which was attached to a gas stove with the other end resting beside the dead woman's face, indicated that she had also inhaled illuminating gas. The cause of the act is not known. Miss Riordan, who was a tall, handsome blonde, studied at the Academy of Fine Arts during the terms of 1897 and 1898 and returned to the school last year.

Rev. H. Weber, a representative of the Watch Tower Bible and Tract society, will preach on the "Plan of the Ages" Sunday at 3 p. m., Feb. 8, 1902, at 180 Lafayette street. No collection will be taken.

UP TO THE BOERS

THOSE IN THE FIELD MUST ASK FOR PEACE.

BRITISH REPLY TO HOLLAND

INTERVENTION OF FOREIGN POWER UNACCEPTABLE.

DIFFICULTIES POINTED OUT

TEXT OF LANDSDOWNE'S REPLY MADE PUBLIC.

London, Feb. 4.—The British government replied to Dr. Kuyper, the Dutch premier, that if the Boers in the field desire to negotiate for peace, negotiations can be entered into; but, only in South Africa. The British government adheres to its intention not to accept the intervention of any foreign power.

The text of the reply of Lord Lansdowne, the British foreign secretary, to the communication of Dr. Kuyper, the premier of the Netherlands, is as follows:

"The Foreign Office, Jan. 29.—Sir: You were good enough to lay before me, Jan. 25, a communication from the Netherlands government, in which it was proposed that, with the object of bringing the war to an end, his majesty's government might grant a safe conduct to the Boer delegates now in Holland for the purpose of enabling them to confer with the Boer leaders in South Africa. It is suggested that, after a conference, the delegates might return to Europe with power to conclude a treaty of peace with this country, and the Netherlands government intimate that, in this event, they might, at a later stage, be instrumental in placing the Boer plenipotentiaries in relation with plenipotentiaries who might be appointed by his majesty's government. The Netherlands government intimate that if the project commends itself to his majesty's government whether they are prepared to make the suggested visit to South Africa. It may, therefore, be inferred that the communication I received was made on the responsibility of the Netherlands government alone, and without authority from the Boer delegates or leaders. His majesty's government have given it their best consideration, and whilst entirely appreciative of the motives of humanity which led the Netherlands government to make this proposal, they feel they must adhere to the position adopted and publicly announced by them some months after the commencement of hostilities by the Boers, that it is not their intention to accept the intervention of any foreign power in the South African war."

"Should the Boer delegates themselves desire to lay a request for a safe conduct before his majesty's government there is no reason why they should not do so. But his majesty's government, obviously, are not in a position to express an opinion on any such application until they have received it and are aware of the precise nature and grounds whereon the request is made."

"I may, therefore, point out that it is not at present clear to his majesty's government that the delegates retain any influence over the representatives of the Boers in South Africa, or have any voice in their councils. They are stated by the Netherlands government to have no such letters of credence or instructions of a later date than March, 1900. His majesty's government, on the other hand, understood that all the powers of government, including those of negotiation, were now completely vested in Mr. Steyn for the Boers of the Orange River colony and Mr. Schalkburger for those of the Transvaal. If this is so, it is evident that the quickest and most satisfactory means of arranging a settlement would be by direct communication between the leaders of the Boer forces in South Africa and the commander-in-chief of his majesty's forces, who has already been instructed to forward immediately any offers he may receive for the consideration of his majesty's government."

"In these circumstances, his majesty's government have decided that if the Boer leaders should desire to enter into negotiations for the purpose of bringing the war to an end, those negotiations must take place, not in Europe, but in South Africa."

"It should, moreover, be borne in mind that if the Boer leaders are to occupy time in visiting South Africa in consulting with the leaders in the field, and in returning to Europe for the purpose of making known the

results of their errand, a period of at least three months would elapse, during which hostilities would be prolonged and much human suffering, perhaps, needlessly occasioned. "I have, etc., (Signed.) "Lansdowne."

WILL GIVE A RECITAL.

The Haydn, Apollo and Linden quartets will give a recital in the First Presbyterian church some time in March for the benefit of the organ fund of the Third church. The ladies of the First church choir will assist and the recital will be a musical treat. A program is now being prepared.

CROWDS SEE THE BIDDLES

BODIES OF DEAD OUTLAWS ON PUBLIC EXHIBITION.

Great Throngs of People Flock to the Morgue—Will Be Given Burial Wednesday.

Pittsburg, Pa., Feb. 4.—From 8 to 12 o'clock today the bodies of John and Edward Biddle were exposed to public view at the undertaking establishment of L. Beinhauer & Son, on the south side, and during the three hours they were on exhibition several thousand persons passed before the coffins. As early as 8 o'clock crowds began to gather about Beinhauer's mortuary, and despite the cold they stood silently awaiting the opening of the doors.

In the crowd were probably as many women as men. Inspector William McShane, Captain Gallant and a squad of sixteen officers were present to preserve order. A few minutes before 9 the police arranged the morbid crowd into line and promptly at 9 o'clock the door of the mortuary was opened and the crowd passed in slowly and took a look at the remains of the youthful desperadoes. The body of Edward lay nearest the door and Jack was a few feet away. The bodies were in black caskets. The heads of the boys were turned so that the crowd could see them at a glance and the police kept the crowd moving all the time. The procession kept up throughout the three hours.

The burial will take place tomorrow morning in one large grave in Calvary cemetery. It is not probable that any religious services will be performed as no arrangements have as yet been made for the attendance of a priest or minister. The bodies will be taken from Beinhauer's establishment directly to the cemetery.

TOM JOHNSON LOSES CASE.

Columbus, Feb. 4.—The supreme court today put an end to Tom L. Johnson's effort to secure a higher appraisal of the railway property of Ohio. The court handed down a decision, sustaining the demurrer of the attorney general to his petition and dismissing the same. Johnson began his fight before the state board of equalization of railway property last fall. His contention was that this board was really a board of appraisal as well as equalization. The board refused to increase the total appraisal, taking the position that they had power simply to equalize valuations among the different companies. They refused to make the increase and Johnson took the matter into the supreme court.

SMALL BAEN IS BURNED.

A one-story frame barn on the premises of W. M. Schmidt, at 127 Erie street, was practically destroyed by a fire which was discovered at 1:15 o'clock this afternoon. The department had a disagreeable fight in very cold weather, but prevented flames from communicating to other adjacent buildings, and the loss will not exceed \$100. Chief Hilbrecht has information that the blaze was due to boys who had a stove in the barn.

A little girl named Meyers, residing on West Jefferson street, fell today and cut a gash several inches in length in her face. Dr. Myers put several stitches in the wound.

Born, this afternoon, to Captain and Mrs. Winston Monette—a daughter.

SUNK A GUNBOAT

VENEZUELAN REBEL WARSHIP SENT TO BOTTOM.

WAS UNDERGOING REPAIRS

THE LIBERTADOR DESTROYED BY THE GOVERNMENT.

FRANCE GIVES ULTIMATUM

VENEZUELA MUST PERMIT LANDING OF SECRESTAT.

Colon, Colombia, Feb. 4.—It is reported here that the Venezuelan revolutionary steamer Libertador, (formerly the British steamer San Bigh), has been sunk by a Venezuelan gunboat, while under repairs at Porto Colombia.

The report gained circulation yesterday, but no confirmation could be obtained. It is said that the steamer had been lying up at Porto Colombia, for the past few weeks, in need of repairs. The fact that the British warship Psyche left here yesterday for Porto Colombia is looked upon here as giving the Colon rumor confirmation.

FRANCE'S ULTIMATUM.

Willemstad, Island of Curacao, Feb. 4.—Advices received here from Caracas state that the French government has notified the government of Venezuela that France will not sign the protocol presented by Venezuela for a renewal of diplomatic relations between the two countries unless M. Secrestat, jr., is immediately authorized to land at La Guira and protect the interests of his father, who leased the estate of General Matos, the revolutionary leader, whose property was subsequently seized by the Venezuelan government. In case of Venezuela's refusal to grant the demand of the French government, France will immediately impose duties on Venezuelan cacao, which would be disastrous for Venezuela.

It is reported that the Venezuelan government troops have been defeated by Batalla and Loreto, near Baul.

Numerous arrests were made Jan. 27, at Caracas, including Senores Villegas Pulido, Clemente Urbaneja, Arvelo and Volcan. This is looked upon as proof that the government is in fear of more serious complications.

A dispatch from Sabana, (Colombia), says that the revolutionary steamer Libertador was at that port Jan. 24, having her boilers repaired. It was then expected that this work would be finished a few days later.

There is no truth in the reports that the captain and other officers of the Libertador were deserting that vessel.

The Venezuelan gunboat Miranda left La Guira Jan. 27.

CASTRO MEN PRISONERS.

Puerto Cabello, Venezuela, Feb. 4.—The Venezuelan gunboat Zumbador, arrived here yesterday, bringing as prisoners two of President Castro's former ministers, a lawyer named Urbaneja, and Villegas Pulido, and also Manuelo Lavarria, General Centeno, General Pietri and Senores Travie, Aceo, Nunez and Ramella, leading merchants of Caracas. They were all incarcerated in the fortress of San Carlos.

The Mochoists are very active in Venezuela.

MARRIED HALF CENTURY AGO

MR. AND MRS. W. H. WARD CELEBRATE GOLDEN WEDDING.

Husband Once Captain of Fort Wayne Police—Have Resided Here Over Forty Years.

Tomorrow, in their cozy home at 135 East Leith street, Captain and Mrs. William H. Ward will quietly celebrate their golden wedding anniversary, for it is just fifty years ago that the marriage vows were taken in Fairfield county, Ohio.

Mr. and Mrs. Ward have been residents of Fort Wayne for more than forty years and have a very large number of friends, particularly among the older people of the city, with whom their acquaintance is most extensive. Both were born in Fairfield county, Ohio, about seventy-five years ago. Removing to this city within a few years after their marriage, Mr. Ward was for a time employed in D. F. Compere's mill. Later he was a checkman at the Wash freight house, and for some years was a watchman at the Old National bank, retiring from active work about ten years ago.

Mr. Ward was also one of Fort Wayne's earliest captains of police, having been elected to that position March 22, 1864, under mayor F. P. Randall, and succeeding C. D. Penn, who resigned. He also served through the administration of Mayor Sharp, 1867-68. Since his resignation of active duties Captain Ward has been living quietly in the retirement of his pleasant home life. He is a member of the Masonic fraternity.

Mr. and Mrs. Ward are the parents of four children—Charles Ward, an employee of the Kerr Murray works; Ambrose Ward, a barkeepermaster on the Pennsylvania lines; Miss Emma Ward, at home, and W. H. Ward, jr., shipping clerk for the Becker Paper company. A large number of friends of Mr. and Mrs. Ward will call tomorrow informally to offer congratulations upon the golden wedding anniversary.

INVITES OOM PAUL

MR. KRUGER ASKED TO VISIT UNITED STATES.

MR. COCHRAN'S RESOLUTION

INVITES HIM AND PROVIDES MONEY TO ENTERTAIN.

SALARY BILL PASSES SENATE

THE DAY'S PROCEEDINGS IN CONGRESS.

Washington, Feb. 4.—Representative Cochran, of Missouri, today introduced in the house the following resolution:

"Resolved, By the senate and the house, that Hon. Paul Kruger, president of the South African republic, is hereby invited to visit the United States as the guest of the country at such time as may suit his convenience. For the defrayment of the expenses incurred in his entertainment while in this country the sum of \$25,000 or so much thereof as may be necessary is hereby appropriated out of any money in the treasury not otherwise appropriated."

IN THE HOUSE.

Washington, Feb. 4.—The debate upon the oleomargarine bill was resumed in the house today immediately after the reading of the journal. Mr. Tompkins (New York), the first speaker, supported the measure.

He declared that in his opinion, the enactment of the bill into law was necessary to prevent the practice of fraud upon the public. The bill would not prevent the manufacture and sale of oleomargarine as such.

Mr. Robb (Mo.) also supported the bill, while his colleague, Mr. Cowherd, advocated the adoption of the substitute.

IN THE SENATE.

Washington, Feb. 4.—At the opening of today's session of the senate Mr. Kean (New Jersey) presented the credentials of John F. Dryden, elected to succeed the late Senator Sewall for the unexpired term of six years beginning on March 4, 1901.

After the credentials had been received Mr. Dryden was escorted by Mr. Kean to the desk of the president pro tem, Mr. Frye, who administered to him the oath of office.

When Senator Dryden had signed the roll he was escorted to his seat just in the rear of that of Mr. Kean on the extreme right of the chamber. His desk was adorned with beautiful floral offerings from the New Jersey delegation in congress and other friends. A cordial greeting was extended to the new senator by his colleagues on both sides of the chamber.

A party consisting of members of Mr. Dryden's family and some intimate friends from New Jersey occupied the senate reserved gallery during the ceremony of his induction into office.

By the terms of the measure the following salaries are to be paid United States judges:

Chief justice of the supreme court of the United States, \$13,000; each associate justice, \$12,500; circuit judges, \$7,500; district judges, \$6,250; court of claims, \$6,125; each associate justice, \$5,625; chief justice court of appeals, District of Columbia, \$8,000; each associate justice, \$7,500; chief justice supreme court, District of Columbia, \$6,750; each associate justice, \$6,270.

At the instance of Mr. Hale the senate then began consideration of the urgent deficiency bill, the first of the supply bills to be taken up by the senate at the present session.

At the conclusion of routine business the bill providing for an increase of the salaries of United States judges was resumed. Mr. Teller thought there ought to be a general revision of government salaries and he was not prepared to vote for a "piecemeal operation." He suggested that the salaries of members of the cabinet ought to be increased.

Mr. Aldrich offered an amendment providing that members of the cabinet be given salaries of \$12,500 a year, but it was laid on the table by a vote of 33 to 21. The bill finally was passed by a vote of 33 to 21.

The damage suit of Hoffman vs. the Fort Wayne Gas company is on trial at Huntington today, and a number of Fort Wayne people are in attendance. Hoffman, who was injured while in the employ of the company, claims judgment in the sum of \$25,000. His attorney is Henry G. Hinkle, while Judge Roberts represents the Gas company in the case.

"The Foreign Office, Jan. 29.—Sir: You were good enough to lay before me, Jan. 25, a communication from the Netherlands government, in which it was proposed that, with the object of bringing the war to an end, his majesty's government might grant a safe conduct to the Boer delegates now in Holland for the purpose of enabling them to confer with the Boer leaders in South Africa. It is suggested that, after a conference, the delegates might return to Europe with power to conclude a treaty of peace with this country, and the Netherlands government intimate that, in this event, they might, at a later stage, be instrumental in placing the Boer plenipotentiaries in relation with plenipotentiaries who might be appointed by his majesty's government. The Netherlands government intimate that if the project commends itself to his majesty's government they will inquire of the delegates whether they are prepared to make the suggested visit to South Africa. It may, therefore, be inferred that the communication I received was made on the responsibility of the Netherlands government alone, and without authority from the Boer delegates or leaders. His majesty's government have given it their best consideration, and whilst entirely appreciative of the motives of humanity which led the Netherlands government to make this proposal, they feel they must adhere to the position adopted and publicly announced by them some months after the commencement of hostilities by the Boers, that it is not their intention to accept the intervention of any foreign power in the South African war."

"Should the Boer delegates themselves desire to lay a request for a safe conduct before his majesty's government there is no reason why they should not do so. But his majesty's government, obviously, are not in a position to express an opinion on any such application until they have received it and are aware of the precise nature and grounds whereon the request is made."

"I may, therefore, point out that it is not at present clear to his majesty's government that the delegates retain any influence over the representatives of the Boers in South Africa, or have any voice in their councils. They are stated by the Netherlands government to have no such letters of credence or instructions of a later date than March, 1900. His majesty's government, on the other hand, understood that all the powers of government, including those of negotiation, were now completely vested in Mr. Steyn for the Boers of the Orange River colony and Mr. Schalkburg for those of the Transvaal. If this is so, it is evident that the quickest and most satisfactory means of arranging a settlement would be by direct communication between the leaders of the Boer forces in South Africa and the commander-in-chief of his majesty's forces, who has already been instructed to forward immediately any offers he may receive for the consideration of his majesty's government."

"In these circumstances, his majesty's government have decided that if the Boer leaders should desire to enter into negotiations for the purpose of bringing the war to an end, those negotiations must take place, not in Europe, but in South Africa. "It should, moreover, be borne in mind that if the Boer leaders are to occupy time in visiting South Africa in consulting with the leaders in the field, and in returning to Europe for the purpose of making known the

results of their errand, a period of at least three months would elapse, during which hostilities would be prolonged and much human suffering, perhaps, needlessly occasioned. "I have, etc., (Signed.) "Lansdowne."

CROWDS SEE THE BIDDLES

BODIES OF DEAD OUTLAWS ON PUBLIC EXHIBITION.

Great Throngs of People Flock to the Morgue—Will Be Given Burial Wednesday.

Pittsburg, Pa., Feb. 4.—From 9 to 12 o'clock today the bodies of John and Edward Biddle were exposed to public view at the undertaking establishment of L. Behnhauser & Son, on the south side, and during the three hours they were on exhibition several thousand persons passed before the coffins. As early as 8 o'clock crowds began to gather about Behnhauser's mortuary, and despite the cold they stood silently awaiting the opening of the doors. In the crowd were probably as many women as men. Inspector William McShane, Captain Gallant and a squad of sixteen officers were present to preserve order. A few minutes before 9 the police arranged the morbid crowd into line and promptly at 9 o'clock the door of the mortuary was opened and the crowd passed in slowly and took a look at the remains of the youthful desperadoes. The body of Edward lay nearest the door and Jack was a few feet away. The bodies were in black caskets. The heads of the boys were turned so that the crowd could see them at a glance and the police kept the crowd moving all the time. The procession kept up throughout the three hours. The burial will take place tomorrow morning in one large grave in Calvary cemetery. It is not probable that any religious services will be performed as no arrangements have as yet been made for the interment of a priest or minister. The bodies will be taken from Behnhauser's establishment directly to the cemetery.

TOM JOHNSON LOSES CASE.

Columbus, Feb. 4.—The supreme court today put an end to Tom L. Johnson's effort to secure a higher appraisement of the railway property of Ohio. The court handed down a decision, sustaining the demurrer of the attorney general to his petition and dismissing the same. Johnson began his fight before the state board of equalization of railway property last fall. His contention was that this board was really a board of appraisal as well as equalization. The board refused to increase the total appraisal, taking the position that they had power simply to equalize valuations among the different companies. They refused to make the increase and Johnson took the matter into the supreme court.

SMALL BARN IS BURNED.

A one-story frame barn on the premises of W. M. Schmidt, at 127 Erie street, was practically destroyed by a fire which was discovered at 1:15 o'clock this afternoon. The department had a disagreeable fight in very cold weather, but prevented the flames from communicating to other adjacent buildings, and the loss will not exceed \$100. Chief Hilbrecht has information that the blaze was due to boys who had a stove in the barn.

A little girl named Meyers, residing on West Jefferson street, fell today and cut a gash several inches in length in her face. Dr. Myers put several stitches in the wound.

Born, this afternoon, to Captain and Mrs. Winston Menzies—a daughter.

SUNK A GUNBOAT

VENEZUELAN REBEL WARSHIP SENT TO BOTTOM.

WAS UNDERGOING REPAIRS

THE LIBERTADOR DESTROYED BY THE GOVERNMENT.

FRANCE GIVES ULTIMATUM

VENEZUELA MUST PERMIT LANDING OF SECRESTAT.

Colon, Colombia, Feb. 4.—It is reported here that the Venezuelan revolutionary steamer Libertador, (formerly the British steamer San Righ), has been sunk by a Venezuelan gunboat, while under repairs at Porto Colombia.

The report gained circulation yesterday, but no confirmation could be obtained. It is said that the steamer had been lying up at Porto Colombia, for the past few weeks, in need of repairs. The fact that the British warship Psyche left here yesterday for Porto Colombia is looked upon here as giving the Colon rumor confirmation.

FRANCE'S ULTIMATUM.

Willemstad, Island of Curacao, Feb. 4.—Advices received here from Caracas state that the French government has notified the government of Venezuela that France will not sign the protocol presented by Venezuela for a renewal of diplomatic relations between the two countries unless M. Secrestat, jr., is immediately authorized to land at La Guaira and protect the interests of his father, who leased the estate of General Matos, the revolutionary leader, whose property was subsequently seized by the Venezuelan government. In case of Venezuela's refusal to grant the demand of the French government, France will immediately impose duties on Venezuelan cacao, which would be disastrous for Venezuela.

It is reported that the Venezuelan government troops have been defeated by Batalla and Loreto, near Ban.

Numerous arrests were made Jan. 27, at Caracas, including Senores Villegas Pulido, Clemente Urbaneja, Arvelo and Volcan. This is looked upon as proof that the government is in fear of more serious complications.

A dispatch from Sabanita, (Colombia), says that the revolutionary steamer Libertador was at that port Jan. 24, having her boilers repaired. It was then expected that this work would be finished a few days later.

There is no truth in the reports that the captain and other officers of the Libertador were deserting that vessel.

The Venezuelan gunboat Miranda left La Guaira Jan. 27.

Puerto Cabello, Venezuela, Feb. 4.—The Venezuelan gunboat Zumbador, arrived here yesterday, bringing as prisoners two of President Castro's former ministers, a lawyer named Urbaneja, and Villegas Pulido, and also Manuel Lavarria, General Centeno, General Pietri and Senores Travie, Acedo, Nunez and Ramella, leading merchants of Caracas. They were all incarcerated in the fortress of San Carlos.

MR. COCHRAN'S RESOLUTION

INVITES HIM AND PROVIDES MONEY TO ENTERTAIN.

SALARY BILL PASSES SENATE

THE DAY'S PROCEEDINGS IN CONGRESS.

Washington, Feb. 4.—Representative Cochran, of Missouri, today introduced in the house the following resolution:

"Resolved, By the senate and the house, that Hon. Paul Kruger, president of the South African republic, is hereby invited to visit the United States as the guest of the country at such time as may suit his convenience. For the defrayment of the expenses incurred in his entertainment while in this country the sum of \$25,000 or so much thereof as may be necessary is hereby appropriated out of any money in the treasury not otherwise appropriated."

IN THE HOUSE.

Washington, Feb. 4.—The debate upon the oleomargarine bill was resumed in the house today immediately after the reading of the journal. Mr. Tompkins (New York), the first speaker, supported the measure.

He declared that in his opinion, the enactment of the bill into law was necessary to prevent the practice of fraud upon the public. The bill would not prevent the manufacture and sale of oleomargarine as such.

Mr. Robb (Mo.) also supported the bill, while his colleague, Mr. Cowherd, advocated the adoption of the substitute.

IN THE SENATE.

Washington, Feb. 4.—At the opening of today's session of the senate Mr. Kean (New Jersey) presented the credentials of John F. Dryden, elected to succeed the late Senator Sewall for the unexpired term of six years beginning on March 4, 1901.

After the credentials had been received Mr. Dryden was escorted by Mr. Kean to the desk of the president pro tem, Mr. Frye, who administered to him the oath of office.

When Senator Dryden had signed the roll he was escorted to his seat just in the rear of that of Mr. Kean on the extreme right of the chamber. His desk was adorned with beautiful floral offerings from the New Jersey delegation in congress and other friends. A cordial greeting was extended to the new senator by his colleagues on both sides of the chamber.

A party consisting of members of Mr. Dryden's family and some intimate friends from New Jersey occupied the senate reserved gallery during the ceremony of his induction into office.

By the terms of the measure the following salaries are to be paid United States judges:

Chief justice of the supreme court of the United States, \$15,000; each associate justice, \$12,500; circuit judges, \$7,500; district judges, \$6,250; court of claims, \$6,125; each associate justice, \$5,625; chief justice court of appeals, District of Columbia, \$8,000; each associate justice, \$7,500; chief justice supreme court, District of Columbia, \$8,750; each associate justice, \$8,270.

At the instance of Mr. Hale the senate then began consideration of the urgent deficiency bill, the first of the supply bills to be taken up by the senate at the present session.

At the conclusion of routine business the bill providing for an increase of the salaries of United States judges was resumed. Mr. Teller thought there ought to be a general revision of government salaries and he was not prepared to vote for a "piecemeal operation." He suggested that the salaries of members of the cabinet ought to be increased.

Mr. Aikens offered an amendment providing that members of the cabinet be given salaries of \$12,500 a year, but it was laid on the table by a vote of 38 to 21. The bill finally was passed by a vote of 38 to 21.

MARRIED HALF CENTURY AGO

BRATE GOLDEN WEDDING.

Husband Once Captain of Fort Wayne Police—Have Resided Here Over Forty Years.

Tomorrow, in their cozy home at 135 East Leith street, Captain and Mrs. William H. Ward will quietly celebrate their golden wedding anniversary, for it is just fifty years ago that the marriage vows were taken in Fairfield county, Ohio.

Mr. and Mrs. Ward have been residents of Fort Wayne for more than forty years and have a very large number of friends, particularly among the older people of the city, with whom their acquaintance is most extensive. Both were born in Fairfield county, Ohio, about seventy-five years ago. Removing to this city within a few years after their marriage, Mr. Ward was for a time employed in D. F. Compere's mill. Later he was a checkman at the Wash freight house, and for some years was a watchman at the Old National bank, retiring from active work about ten years ago.

Mr. Ward was also one of Fort Wayne's earliest captains of police, having been elected to that position March 22, 1864, under mayor E. P. Randall, and succeeding C. D. Fens, who resigned. He also served through the administration of Mayor Sharp, 1867-68. Since his resignation of active duties Captain Ward has been living quietly in the retirement of his pleasant home life. He is a member of the Masonic fraternity.

Mr. and Mrs. Ward are the parents of four children—Charles Ward, an employee of the Kerr Murray works; Ambrose Ward, a baggage master on the Pennsylvania lines; Miss Emma Ward, at home, and W. H. Ward, jr., shipping clerk for the Becker Paper company. A large number of friends of Mr. and Mrs. Ward will call tomorrow informally to offer congratulations upon the golden wedding anniversary.

VERY KIND OFFER

HORSE EXPERT OF OUR ARMY TENDERED SERVICES TO THE BRITISH GOVERNMENT

FACT IS ANNOUNCED IN HOT DEBATE IN COMMONS.

LONDON NEWSPAPERS WARM DENOUNCE THE COURSE OF THE GOVERNMENT.

London, Feb. 4.—In the house of commons last evening Major Arthur Lee (conservative), formerly British attaché with the United States army during the Spanish-American war, and later British military attaché at Washington, said Great Britain had been offered the services of the chief horse expert of the United States army as adviser in the purchase of American horses for the British army.

The revelation was made during a heated debate on the remount question, when Major Lee said: "The accredited representative of the war office, Colonel Wardrop, the attaché at Vienna, was given no opportunity of showing what knowledge he possessed of the resources of the country. In the same way, I, being military attaché at Washington, was not informed that there was any intention of buying horses in the United States. I learned from the American newspapers that British officers had been sent to buy horses, but I was not informed who they were, nor was I asked to give them such assistance as my position implied I was competent to give. At the time I had the opportunity, through the good will of a high official, of getting the services of the chief horse expert of the United States army as adviser. I cabled the suggestion to the war office, but I received no reply."

CAUSES INDIGNATION.

The whole debate on this question in the house of commons causes widespread indignation, which is as evident among the strongest supporters of the government as among the members of the opposition. The ministerial press vigorously charges the war office with absolute incompetency, if nothing worse, and demands a searching inquiry into the possibility that the more important departments of the war office make no more creditable showing than the remount department.

The Globe suggests that the war secretary, Mr. Broderick, ascertain the identity of the officials responsible for pigeon-holing and not acknowledging Major Lee's and Colonel Wardrop's communications, for the purpose of summarily and ignominiously dismissing them.

The supporters of the government, the Globe adds, are shocked, not only by the revelations regarding the inefficiency of the war office, but more so by the official tone of Mr. Broderick's and Mr. Balfour's defenses. The former claimed merit because he did not suppress the investigating committee's report altogether.

The Times points out that "it is right and honorable that a minister should defend by all legitimate means the department he represents, but he is carrying chivalry too far when he implies the right to defend it by the suppression of information which deeply concerns parliament and the people to know."

The Times adds: "Neither Mr. Balfour nor Mr. Broderick have ever once attempted in an effective fashion to meet the charges of incapacity and habitual negligence brought against the remount department and the war office."

THE NATION SWINDLED.

The St. James Gazette, referring to the further investigations proposed, urges the need of fixing the responsibility of individuals, saying:

"The nation has been swindled, and it is right that the swindlers, whoever they are, should be brought to book properly. Horses, or at least four-legged creatures, have been bought for £33, when only worth a quarter of that sum. The difference, three-quarters, has gone into the pockets of certain persons. If they can prove the money got there properly, well and good. If not, the conclusions are obvious. There must be no whitewashing."

SHIP'S CREW IS TAKEN OFF

SAILORES RESCUED FROM A PERILOUS SITUATION.

Vessel Was Aground With a Fierce Sea Pounding Her Slowly To Pieces.

New York, Feb. 4.—The Oak Island life saving station reports that two of the crew of the ship L. Schepp have come ashore and that the rest of the crew have been taken on board a wrecking tug, which is standing by.

The steamer Cavour, aground off Long Beach, is reported to be resting easy and to have withstood the storm well. Another effort to get her off will be made today.

From Forge River it is reported that five masts have come ashore, two with white mastsheads and three with black. These indicate that two barges have gone to pieces in that vicinity. No more bodies had been found up to 10 a. m.

The barge John Crittenden, which broke away from its tug, the I. G. Merritt, in Sunday's storm, has been found at Fire Island. No person aboard was lost or injured.

There is eight and a half feet of water in the hold of the L. Schepp. Another corpse has been picked up on the beach at Quoque which has not been identified. Another mast has washed ashore at Quoque.

The cargo of the steamer Cavour is being discharged. The vessel is not leaking.

TWO STRANDED SHIPS.

Atlantic City, N. J., Feb. 4.—The Brigantine beach life-saving station reports that the condition of the stranded British steamship Claverdale is unchanged today. Wrecking tugs are at work on her, but it is not believed they will be able to float her until most of the 7,000 tons cargo has been removed. So far no damage has been inflicted on the Claverdale and being a new boat she may be able to stand the strain until her cargo is lightened.

The schooner Edith L. Allen, of Bath, Me., which came ashore yesterday morning about 400 feet from where the Claverdale is stranded, is leaking one foot an hour and in bad condition. It is feared she will become a total wreck.

The theory is advanced by the life-savers that the crew of the schooner were deceived by the lights on the stranded Claverdale, presuming the latter to be at anchor and thus beached their own vessel.

"DEAR MRS. PINKHAM:—I suppose some of my friends would call it immodest in me to acknowledge to you what Lydia E. Pinkham's Vegetable Compound has done for me, but I feel that seven bottles which I took last fall and winter made a complete change in my life, and brought new hopes and aspirations to me which I had not dared think of when I was sick.

"For three years I suffered silently every month; I dreaded the time, and while not sick in bed, I felt sick enough to stay there. Cramps and bearing-down pains and wretched headaches were of frequent, often daily occurrence, but your Compound quickly changed all that. I am now in splendid health; I have no pains, and am so grateful to you that I feel I want to express myself, hoping it may help some suffering one to health. Yours truly, Miss MARY LENGHAN, 533 Park Ave., Brooklyn, N.Y."

Mothers, do you know

that a perfectly healthy baby never cries. When the little one does cry there's something wrong, and generally it's the stomach. Paregoric, Soothing Syrups, Cordials, Teething Syrups and Pain Killers contain opium and morphine. Don't use them. They are harmful—costly too. Such drugs constipate and derange the digestive organs.

Dr. Caldwell's Syrup Pepsin and Herb Laxative Compound

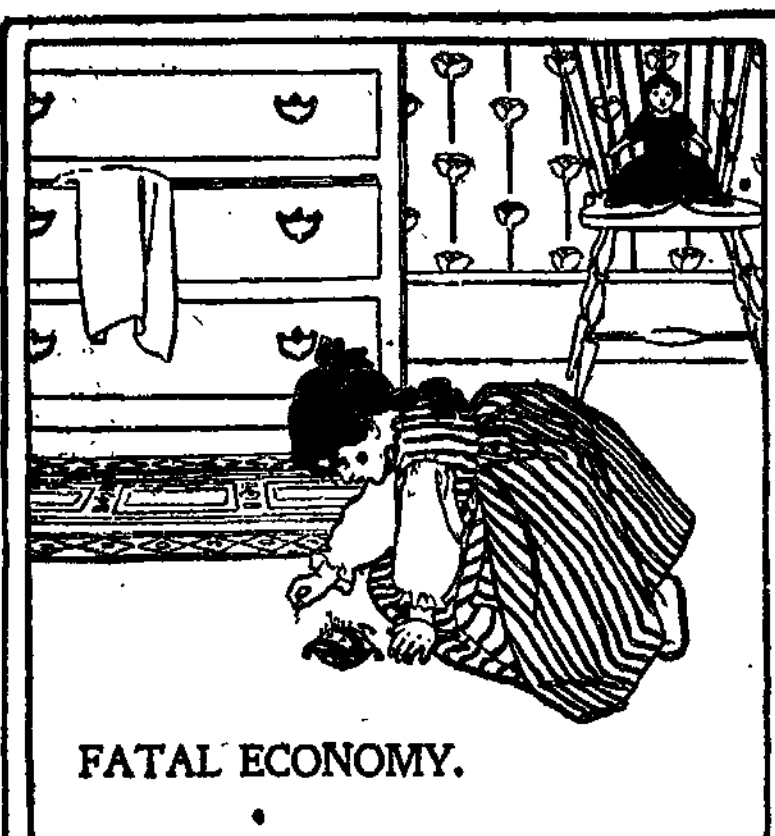

is pleasant to take, augments and supplies the natural digestive ferment, acting as a gentle laxative by the power to assimilate food, makes and keeps babies in health and good humor. A trial will convince you.

GENTLEMEN: For constipation I would cheerfully recommend Dr. Caldwell's Syrup Pepsin. My little girl, aged eight months, had been troubled since birth with constipation, and reading of your valuable medicine I concluded to try it, and I can recommend it highly to mothers for immediate relief. Only two ten-cent bottles cured my babe.

FATAL ECONOMY.

VERY old maxim declares that it isn't economy to pick up pins; the time is worth more than the pins. Similarly it is not true economy to do without Ivory Soap; your health requires the daily removal of the bodily excretions which are discharged through the pores of the skin. These tiny mouths must be kept open, and they should be opened only with a pure soap.

BOY BUILDING.

That Is The Mission of Good Food.

There is an abundance of proof that food can be selected that will build up a brain as well as body.

One case is that of a boy and the description is given by his mother. She says, "This particular son has always had a delicate stomach, and when he was an infant had cholera infantum two or three seasons in succession; he was exceedingly hard to raise, and was not well enough to go to school when he became old enough."

The mother says, "Finally we concluded to put him on Grape-Nuts exclusively and see what the food would do for him. We did, and to our great astonishment our boy improved daily. He is now hearty and getting along in school unusually well. He still depends upon Grape-Nuts for a goodly share of his diet."

Whenever children are hungry at bedtime it is always safe to let them eat Grape-Nuts and let them go to bed. I came to know of the value of Grape-Nuts by using it myself, and found that I was unusually well nourished and gained rapidly in strength."

Please do not use my name. By the way, we abandoned coffee in our family several years ago and have always used Postum since. Would as soon have the hour barred empty as be out of Postum." Name can be given by Postum Co., Battle Creek, Mich.

THE SENTINEL ALMANAC.

The Indianapolis Sentinel Almanac and Statistical Year Book for 1902 has been received. It is a dignified and worthy publication that has for its front cover design a picture of the new Sentinel building. So far as the general statistical portion of the almanac is concerned the Sentinel Almanac is not different from that issued by various newspapers, but it has a special Indiana section that will make it a valuable book for many classes of Indiana people. The almanac includes a copy of the constitution of the state, carefully indexed. Another feature is a "Synopsis of the Acts of 1901," which presents in a condensed form the results of the last legislature. The election returns of the Indianapolis, Evansville and Fort Wayne city elections of 1901 are set out in full, and also the letters of acceptance of the two mayoralty candidates of Indianapolis and the results of the primaries in this city. It also contains valuable statistical tables made up from the census of 1900 and a complete list of state and county officers. A special department is devoted to information about the city of Indianapolis.

WERE LOOKING AT THE LINES.

Three strangers, whose identity was not disclosed, were in the city yesterday making an inspection of the city street car lines. They were provided with blue prints of the system of tracks, and made extensive notations as they rode over the lines. General Manager Scott said this morning that he knew nothing of the visit of any possible purchasers and others questioned professed inability to shed any light upon the meaning of the visit of the strangers. It is known that within the past few months there has been at least two offers made for the system, but whether the gentlemen here yesterday represented either of the two syndicates is not known.

VERY KIND OFFER

HORSE EXPERT OF OUR ARMY
TENDERED SERVICES TO

THE BRITISH GOVERNMENT

FACT IS ANNOUNCED IN HOT
DEBATE IN COMMONS.

LONDON NEWSPAPERS WARM

DENOUNCE THE COURSE OF THE
GOVERNMENT.

London, Feb. 4.—In the house of commons last evening Major Arthur Lee (conservative), formerly British attaché with the United States army during the Spanish-American war, and later British military attaché at Washington, said Great Britain had been offered the services of the chief horse expert of the United States army as adviser in the purchase of American horses for the British army.

The revelation was made during a heated debate on the remount question, when Major Lee said:

"The accredited representative of the war office, Colonel Wardrop, the attaché at Vienna, was given no opportunity of showing what knowledge he possessed of the resources of the country. In the same way, I, being military attaché at Washington, was not informed that there was any intention of buying horses in the United States. I learned from the American newspapers that British officers had been sent to buy horses, but I was not informed who they were, nor was I asked to give them such assistance as my position implied I was competent to give. At the time I had the opportunity, through the good will of a high official, of getting the services of the chief horse expert of the United States army as adviser. I enabled the suggestion to the war office, but I received no reply."

CAUSES INDIGNATION.

The whole debate on this question in the house of commons causes widespread indignation, which is as evident among the strongest supporters of the government as among the members of the opposition. The ministerial press vigorously charges the war office with absolute incompetency, if nothing worse, and demands a searching inquiry into the possibility that the more important departments of the war office make no more creditable showing than the remount department.

The Globe suggests that the war secretary, Mr. Broderick, ascertain the identity of the officials responsible for pigeon-holing and not acknowledging Major Lee's and Colonel Wardrop's communications, for the purpose of summarily and ignominiously dismissing them.

The supporters of the government, the Globe adds, are shocked, not only by the revelations regarding the inefficiency of the war office, but more so by the official tone of Mr. Broderick's and Mr. Balfour's defenses. The former claimed merit because he did not suppress the investigating committee's report altogether. The Times points out that "it is right and honorable that a minister should defend by all legitimate means the department he represents, but he is carrying chivalry too far when he implies the right to defend it by the suppression of information which clearly concerns parliament and the people to know."

The Times adds: "Neither Mr. Balfour nor Mr. Broderick have ever once attempted in an effective fashion to meet the charges of incapacity and habitual negligence brought against the remount department and the war office."

THE NATION SWINDLED.
The St. James Gazette, referring to the further investigations proposed, urges the need of fixing the responsibility of individuals, saying:

"The nation has been swindled, and it is right that the swindlers, whoever they are, should be brought to book properly. Horses, or at least four-legged creatures, have been bought for £33, when only worth a quarter of that sum. The difference, three-quarters, has gone into the pockets of certain persons. If they can prove the money got there properly, well and good. If not, the conclusions are obvious. There must be no whitewashing."

SHIP'S CREW IS TAKEN OFF

SAILORS RESCUED FROM A PERILOUS SITUATION.

Vessel Was Aground With a Fierce Sea Pounding Her Slowly To Pieces.

New York, Feb. 4.—The Oak Island life saving station reports that two of the crew of the ship L. Schepp have come ashore and that the rest of the crew have been taken on board a wrecking tug, which is standing by.

The steamer Cavour, aground off Long Beach, is reported to be resting easy and to have withstood the storm well. Another effort to get her off will be made today.

From Forge River it is reported that five masts have come ashore, two with white mastsheads and three with black. These indicate that two barges have gone to pieces in that vicinity. No more bodies had been found up to 10 a. m.

The barge John Crittenden, which broke away from its tug, the I. G. Merritt, in Sunday's storm, has been found at Five Island. No person aboard was lost or injured.

There is eight and a half feet of water in the hold of the L. Schepp. Another corpse has been picked up on the beach at Quogue which has not been identified. Another mast has washed ashore at Quogue.

The cargo of the steamer Cavour is being discharged. The vessel is not leaking.

TWO STRANDED SHIPS.

Atlantic City, N. J., Feb. 4.—The Brigantine beach life-saving station reports that the condition of the stranded British steamship Claverdale is unchanged today. Wrecking tugs are at work on her, but it is not believed they will be able to float her until most of the 7,000 tons cargo has been removed. So far no damage has been inflicted on the Claverdale and being a new boat she may be able to stand the strain until her cargo is lightened.

The schooner Edith L. Allen, of Bath, Me., which came ashore yesterday morning about 400 feet from where the Claverdale is stranded, is leaking one foot an hour and in bad condition. It is feared she will become a total wreck.

The theory is advanced by the life-savers that the crew of the schooner were deceived by the lights on the stranded Claverdale, presuming the latter to be at anchor and thus beached their own vessel.

BIG FIRE AT DWIGHT.

Dwight, Ill., Feb. 4.—The laboratory of the Keeley institute, the Livingston hotel, controlled by the Keeley company, and several other buildings in the heart of the city were destroyed by fire today. Loss, \$300,000. A colored cook in the hotel, who was bruised by jumping from a second story window, was the only person injured. The fire started in the boiler room of the steam heating plant in the laboratory building.

MONEY KEPT FROM BRIGANDS.

London, Feb. 4.—"Although the agreement with the brigands for the release of Miss Stone has been completed," cables the Constantinople correspondent of the Daily Chronicle, "they declare it impossible to take the ransom money safely away at the present moment. The American delegates are, therefore, returning here to make a new arrangement."

KILLED IN A WRECK.

Alworth, Ill., Feb. 4.—An Illinois Central passenger train collided with a freight on a siding here today, killing one man and injuring two, all trainmen. The dead: Joseph White, passenger fireman. Injured: Albert Walker, passenger engineer, serious; D. F. Mitchell, freight fireman. Several cars of merchandise were derailed and traffic blocked. It is stated the freight had failed to entirely clear the main track.

DEADLY FIGHT OVER PIES.

Butler, Pa., Feb. 4.—Word has been received from Shipley Rock, Pa., of the death last night of Ernest Morrow from injuries received in a brawl at the restaurant of Jonathan Smealthen. A dispute arose over the payment of a bill for pies, and in the fight that followed Smealthen struck Morrow over the head with a potato masher, crushing his skull. Smealthen claims the killing was in self-defense and has surrendered to the authorities. Morrow's father is one of the most prominent men in Butler county.

Dr. Theodore F. Wood, a prominent Angora physician, is in the city.

Miss Mary Lenghan, a Young Society Lady who lives in Brooklyn, N. Y., tells how Young Women May Escape those Terrible Monthly Pains and Sickness.

"DEAR MRS. PINKHAM:—I suppose some of my friends would call it immodest in me to acknowledge to you what Lydia E. Pinkham's Vegetable Compound has done for me, but I feel that seven bottles which I took last fall and winter made a complete change in my life, and brought new hopes and aspirations to me which I had not dared think of when I was sick."

"For three years I suffered silently every month; I dreaded the time, and while not sick in bed, I felt sick enough to stay there. Cramps and bearing-down pains and wretched headaches were of frequent, often daily occurrence, but your Compound quickly changed all that. I am now in splendid health; I have no pains, and am so grateful to you that I feel I want to express myself, hoping it may help some suffering one to health. Yours truly, MISS MARY LENGHAN, 533 Park Ave., Brooklyn, N. Y."

Mothers, do you know

that a perfectly healthy baby never cries. When the little one does cry there's something wrong, and generally it's the stomach. Paregoric, Soothing Syrups, Cordials, Teething Syrups and Pain Killers contain opium and morphine. Don't use them. They are harmful—costly too. Such drugs constipate and derange the digestive organs.

Dr. Caldwell's Syrup Pepsin and Herb Laxative Compound

is pleasant to take, augments and supplies the natural digestive ferment, acting as a gentle laxative by the power to assimilate food, makes and keeps babies in health and good humor. A trial will convince you.

General Note: For confirmation I would cheerfully recommend Dr. Caldwell's Syrup Pepsin. My little girl, aged eight months, had been troubled since birth with constipation, and reading of your valuable medicine I concluded to try it, and I can recommend it highly to mothers for immediate relief. Only the ten-cent bottles cured my baby.

I had dizzy spells and everything whirled so that I almost lost my balance. Doan's Kidney Pills had a most beneficial effect on me and I enjoyed better health than I had before in months. IS CONSCIENCE A GUIDE?

Many people seem to think if they are conscientious in all they do they cannot be wrong, and the more especially as concerns things moral or religious. In his sermon last night Pastor Harris showed that conscience is a very unreliable monitor, as it is wholly a creature of training or education, and hence is never exactly the same in any two persons. Paul the Apostle "lived in all good conscience" and yet he was a bitter enemy of Christ and his disciples. So conscience, to become a guide to any man, must be carefully trained and educated by a correct standard. Quite a large audience greeted Pastor Harris and listened intently to his discussion of the subject. His conclusion was that the only absolutely safe guide for any man is the word of God and the simple Gospel of Christ. At the close some eight men and women were immersed by Pastor Harris. Despite the severe weather the house was quite comfortable. The subject tonight will be "Pardon; or, How a Man May Know His Sins are Forgiveness." Mr. Hawes will sing "This Way, Papa." The meetings are to continue all this week each evening at 7:30. Baptismal services were announced for tonight also.

KNIGHTS OF COLUMBUS MEET.

South Bend, Ind., Feb. 4.—The state convention of the Knights of Columbus commenced yesterday morning, Prof. John G. Ewing, of Notre Dame, presiding. The election of officers resulted as follows: State Deputy—John G. Ewing, Notre Dame. State Treasurer—Edward J. O'Reilly, Indianapolis. State Secretary—William H. Tobin, Muncie. State Warden—James B. Walsh, Terre Haute. State Chaplain—Rev. Charles E. McCabe, Oberlin. State Advocate—Louis J. Hermann, Evansville. Alternate to National Council—Edward P. Clancy, Indianapolis. The first meeting preliminary to the convention was held on Saturday night, when the South Bend council conferred the first degree on eighty-six candidates.

Yesterday morning the program was resumed, a social hour for the ladies being at 10 o'clock.

The special committee to consider the new electric light proposition will meet this evening. The committee consists of Councilmen Bamer, Glenn, Scheid, Ehrman and Hoxey.

Building permits have been issued to W. G. Niefeldt to erect a dwelling on Desmond street, at a cost of \$1,300, and to E. H. George, to build a house on Brackenridge street, to cost \$1,000.

Attorney Doughman said to The Sentinel this afternoon that he and City Attorney Shambaugh had consulted regarding the franchise proposed to be drawn in accordance with the recommendations of the special committee which met on Sunday. Mr. Shambaugh will leave for

Cleveland tonight, but will return tomorrow night, and Mr. Doughman is confident that the franchise and contract will be prepared in time for presentation at the regular meeting of the board of works on Thursday night.

The Manhattan club dance at the Hunker academy last evening was well attended and the dancers thoroughly enjoyed a program of twenty numbers. The Annex orchestra furnished music.

An Honest Doctor
[AND]
Eminent Specialist.

D. W. Tucker, A. M. M. D.

INDIANA MEDICAL AND SURGICAL INSTITUTE.

The Oldest, the Largest, and the Best
—Thirty Years' Experience.

Many Imitators, But no Equal.

Permit me to call the attention of our readers to the important fact that there are three essential steps in the successful treatment of disease. First, a correct diagnosis; second, the selection of the proper remedies in their best possible form; and third, a thorough knowledge of knowing how to prepare these remedies and their physiological effects upon the human body, in order to effect a cure. In the three above named facts Dr. D. W. Tucker has no equal in the state of Indiana. He has treated many thousands of cases within the last thirty years.

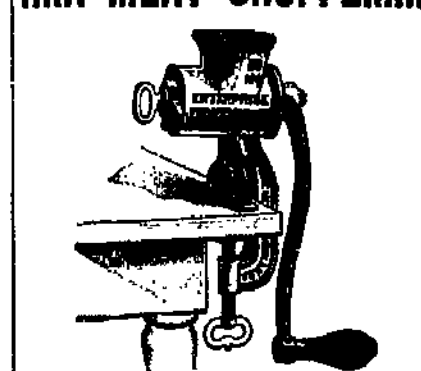

If one fourth of the people that are now in the cemetery had consulted and been treated by some good specialist in place of their family doctor, they would have lived twenty years longer. Only a Specialist, who thoroughly understands Chronic Diseases, can treat them successfully. Dr. Tucker is without doubt the ablest specialist in this state and has treated and cured more cases of Chronic and Private Diseases than all the other Specialists in this state combined.

A doctor that has restored thousands to health, and can produce undeniable proof of the fact, must be regarded with respect. This is the record of Dr. Tucker, which cannot be equaled by any other specialist in the United States. His success is the result of THIRTY YEARS of careful study, extensive research, observation and remarkable experience in the treatment and cure of thousands of chronic and private diseases of the Brain, Lungs, Liver, Kidneys, Bladder, Rectum, Gleet, Impotency, Nervous Diseases, Catarrh, Piles, Varicose Veins, Stricture, and all private diseases of both sexes. If Dr. Tucker cannot cure you no other specialist in the United States can. He has deposited in bank ONE THOUSAND DOLLARS that he has treated more cases of chronic diseases and performed more remarkable cures than any OTHER SPECIALISTS in the State of Indiana. He will not deceive you, and guarantees to cure every case he takes for treatment. He is vouched for by the best banks and citizens of the state.

The only Master Specialist in the State of Indiana can be found only at the Indiana Medical and Surgical Institute, at No. 10 West Wayne street. Call or address,

BEAUTIFUL ROSES

and beautiful women are gathered together yearly and nature collects their delicate fragrance and reduces it to that essence of perfume known as "Mother's Friend." "Mother's Friend" is a perfect child's essence with the vigor, health, color and perfume of the mother rose. Its little rose face befits her almost an exact reduction and counterpart of her own, will tell of the blooming curves that are still her own.

MOTHER'S FRIEND.

It is a salient for external use on the breast and over the region of the generative organs. With its careful use throughout the period of reduction, woman's figure will assume perfect form. The seemingly crushed and distorted body of maternity will assume its normal shape again. The extracted essence will be a perfect child's essence with the vigor, health, color and perfume of the mother rose. Its little rose face befits her almost an exact reduction and counterpart of her own, will tell of the blooming curves that are still her own.

One bottle, of all druggists. A trial on Mother's Friend mailed free.

Great Britain will enter into peace negotiations only with the Boers in the field. As the Boers have evinced a steadfast intention to be thrashed into a desire for peace, it may be assumed that the war will go on in much the same old way.

The Portland Evening Sun will no more shed its effulgent beams on that lively little city. It has set to rise no more. Editor Timmonds tried long and patiently to convince himself that in "shining for all" there was enough compensation for the work he performed, but has given it up and the Sun is suspended.

Governor Taft is giving the senate committee a deal of information concerning affairs in the Philippines, not the least important of which is that the army over there believes cold steel and gunpowder is the best kind of government to maintain for the present. Governor Taft merely hints at differences between the civil authorities and the military, but it probably is true as reported that there has been a good deal of friction between them.

It may be readily assumed that none of the republican members of the house have weak hearts, else they would probably have dropped dead when Congressman Babcock discharged a surprise Monday by proposing to incorporate in the tariff report an amendment to the steel schedule. He got a vote on it and it was so close as to raise the hair of the seven republican members of the committee who voted against the proposed amendment. Babcock had one other republican (Tawney, of Minnesota) and the four democratic members with him and it gave the whole matter a very serious appearance for a time. It was really sensational. Congressman Babcock a year ago publicly proclaimed his intention to foster a bill to reduce the tariff on steel products manufactured

by the big steel trust, but it was thought to be merely a good thing not sincerely intended. He waited for the psychological moment to arrive and the effect was not agreeable to his republican colleagues. Whether Mr. Babcock merely intended to give them a scare, or really purposed to get his tariff reform project and trust corrective before the house, is not easily decided. Certain it is he nearly succeeded. The presence of two democratic members of the committee who were absent would have forced the matter before the house.

It has come almost to a standstill between Senator Tillman and Senator Beveridge which occupies most time and attracts most attention on the floor of the senate. Mr. Beveridge cannot possibly keep out of the running debate on the Philippines and about all of the older senators appear to find pleasure in a wordy set-to with the gentleman from Indiana, who by the way, can display his temper quite as sharply as anybody in the senate when he gets warmed up.

Mrs. Soffel denies that she was in love with the outlaw whom she assisted to escape from prison and with whom she eloped. She says she entertained for him no feeling but that of sympathy. The woman's story does not tally well with the ardent letter which Biddle wrote to her and which was found on her person after she was shot. That letter is a study. It shows how completely the woman was the dupe of the condemned outlaw. She was carried away by a crazy attachment for the murderer and he needed the woman's help to get out of prison. It may be admitted, however, that he showed first rate quality of loyalty in remaining with the woman when he might easily have abandoned her and made his escape from the country.

CURES ECZEMA AND ITCHING HUMORS THROUGH THE BLOOD—COSTS NOTHING TO TRY.

B. B. B. TRACTION TALK IN GENERAL

LATEST PROPOSITION IS MUCH DISCUSSED.

In Event of Failure to Co-operate With Old Traction Company an Alternative is Considered.

Traction company matters are a topic of almost universal comment these days and public sentiment seems generally to commend the choice of the special committee in laying out the route for the Southwestern company as detailed in The Sentinel yesterday. The problematic feature of the plan is the undiscovered attitude of the Fort Wayne Traction company with regard to making an acceptable agreement with the city for the use of its lines already laid between Clinton and Harrison street on Main and between Calhoun and Clinton streets on Columbia. In the latter case the Fort Wayne Traction company would be expected to move its single track so as to admit of the laying of another track and this arrangement it is thought could easily be made. On the Main street proposition, however, there is no question and the Fort Wayne company could not be forced into an agreement without condemnation on the plea of public utility. All that part of the city down town, or more specifically speaking, in the neighborhood of the transfer corner and east of it, is traversed and occupied by the city lines and without co-operation, the proposed loop could not be constructed unless by taking possession of Columbia street as far as Barr and thence south to Washington and then westward and completing the loop northward on Harrison. This route would be circuitous to begin with and is thought objectionable for various reasons.

Another solution, however, has been presented and in case of a deadlock with the Traction company, will most probably be recommended. It contemplates the line down Pearl street, as originally proposed at last Saturday's meeting, to Harrison street; thence south to Berry, west on Berry half a square to Maiden Lane and then north on Maiden Lane to Pearl street, furnishing a loop within one square of the court house and the central down town district. The latter proposition, however, will not be taken up except in event of failure to co-operate with the Fort Wayne Traction company.

Manager Nelson, of the Southwestern company, went to Huntington last evening, but will return to the city today, if not already here, and will advise with Attorney Doughman with reference to drafting the new franchise as suggested by the special committee at Sunday's meeting. He says that he is entirely satisfied with the arrangements as proposed.

EDITORS TO MEET.

The mid-winter meeting of the Indiana Democratic Editorial association will be held at the Grand hotel, Indianapolis, Thursday and the indications all point to a very good meeting. The sessions of the association are always well attended by the democratic editors who take great interest in the organization and an especial effort has been made to bring out a larger crowd than usual this time.

A business meeting will be held at 2 o'clock in the afternoon when papers will be read by a number of the editors and the convention will close with a banquet at the hotel in the evening. At the afternoon session L. G. Ellingham, of Decatur, will read a paper on "Railway Advertising and Its Abuses." The discussion will be led by C. S. Mercer, of Seymour. Other papers will be "Courtesy Advertising," by Oscar Austill, of Elwood, with the discussion led by J. A. Barnes, of Auburn, and "Elements of a First-Class Country Paper," by A. N. Crockett, of Franklin, with the discussion led by W. H. Buckner, of Lawrenceburg.

At the banquet W. C. Ball, of Terre Haute, will speak on "Democracy as Promulgated by Jefferson and Jackson," and John B. Stoll, of South Bend, on "Common Sense in Politics."

Major John B. Simpson, of Paoli, is president of the association, and A. J. Lipboye, of Columbus, is secretary.

Are You Run Down

Feel all worn out, brain won't work, have no appetite, no ambition, strength or courage—you need Vinol—we guarantee it will help you. Your money back if it don't.

How Vinol made W. F. Searle stronger. "Your Vinol is certainly a wonderful preparation, one bottle having worked wonders with me. My appetite was gone, nothing tasted good. I decided to try Vinol, and on the second day after beginning to take it I began to relish food again. I have eaten heartily at each meal since, and not only feel stronger, but have made a substantial gain in weight."—W. F. SEARLE, 12 Pierpont Street, Peabody, Mass.

Mrs. S. C. Berry says Vinol is a Great Remedy. "I was taken with the Grippe one year ago last March, but the cough never left me. I was all run down and did not care for anything or to live. Had two hemorrhages and others slight, but having read what Vinol had done for others I also tried it. I was surprised to notice a change so soon, but it is true. I have taken nearly four bottles and shall get more to take for a while longer. I am not the same person that I was when I began taking Vinol. It surely is a great remedy. It has done so much for me, both for throat and lung trouble, that I wish every one with such trouble would give it a fair trial."—Mrs. S. C. BERRY, High Street, Farm Hill, Middletown, Conn.

Come in and let us tell you about people right here in town who have been restored to health by Vinol. We don't hesitate to guarantee Vinol because we know what it will do.

IN NORTHERN INDIANA

Whitley county farmers' institute is held this week at Columbia City. J. K. Morris, of Hartford City, dropped dead Monday from heart disease.

L. A. Bond, of New York, is preparing to pipe gas into Wabash from oil lands in Liberty township, that county.

While her husband was in the room Mrs. James Ertle, of Portland, attempted to commit suicide by cutting her throat.

Miss Edith Matt, of Logansport, was seriously scalded by the bursting of an air-tight tea kettle, which had become overheated.

William Strubush and John C. Zahn have been members of the choir of St. John's church at Michigan City for twenty-five years.

The residence of William Linn, two miles south of Bluffton, was destroyed by fire Sunday morning. It started from a defective kitchen flue.

A train at Geneva struck a rig driven by John Barry, killing the horse and demolishing the buggy, but Barry escaped without a scratch.

At Kokomo, Cora Lafollette, aged sixteen, wants a divorce. She was wedded at fourteen, but is tired of married life and wants to return to school.

Susan Farmer, who died in Whitley county last week, willed her property to the Church of God, naming three congregations in Whitley county as beneficiaries.

At Valparaiso a horse attached to a sleigh and tied to a tree was found with its throat cut, while a blood-stained coat, also showing signs of a knife thrust, were found in the sleigh. The authorities are endeavoring to solve the mystery.

One of the female inmates of the Adams county infirmary took a hot brick to bed with her Sunday night to keep her feet warm. It set fire to the bed after the woman had fallen asleep and three inmates came near suffocating from smoke. The fire damage was about \$100.

Arthur Wagner, of Cresco, Whitley county, fourteen years old, was out hunting. He stopped at a country store before returning home and stood his shotgun up beside the door. The weapon fell down and was discharged, sending seventy-nine shot into the abdomen and thighs of the lad. He is in a serious condition.

NOTED MUSICIAN DEAD.
Philadelphia, Pa., Feb. 4.—David Adams Warden, one of the oldest musicians in the city, is dead. In his earlier years he was organist in several protestant Episcopal churches and composed books of chants, which was popular in this country, and which was also published in England. During the civil war Mr. Warden composed the music of many patriotic songs that were sung by both armies, among them being "The flags come back to Tennessee," and "All quiet along the Potomac tonight." He wrote both the words and music of "Mother, don't weep for your boy," and "Tell me ye winged winds." The deceased was a native of England. He was born in 1815 in the tower of London, his father being one of the yeomen warders of the tower, an appointment which he received through the influence of the duke of Wellington in recognition of his bravery at the battle of Waterloo.

TWO KILLED BY TRAIN.
Allentown, Pa., Feb. 4.—Jacob Heller, of Lehigh Gap, and William Dietrich, of Philadelphia, were struck by the Black Diamond express train in the Lehigh Valley railroad near Lehigh Gap late last night and killed. Mr. Heller and his companion had stepped out of the way of one train directly in front of the Black Diamond, which was running at the rate of fifty miles an hour. Mr. Heller was a wealthy farmer and tanner.

WOULD DISSOLVE FEDERATION.
Brisbane, Queensland, Feb. 4.—Parliament has been dissolved and the premier, Robert Philip, has issued an election manifesto, voicing Queensland's dissatisfaction with the result of the Australasian federation. The premier criticizes the commonwealth government and declares that it has bitterly disappointed the strongest advocates of the union, which many Australians would gladly see dissolved.

KITCHENER'S REPORT.
London, Feb. 4.—J. A. his weekly report to the war office Lord Kitchener states that for the week ended Feb. 1 twenty-nine Boer were killed, six wounded, 142 taken prisoners and forty-eight surrenders.

SUICIDES TO ESCAPE PRISON.
Hamilton, O., Feb. 4.—Preferring death to the prospect of imprisonment, Mrs. Mary Abbott Mills, 25 years old, or admitted suicide by taking strychnine at the home of her mother, Mrs. A. Susan Moore, yesterday afternoon. The girl was a victim

of her own inexperience. She was married when very young to Albert Mills, from whom she is separated. Recently, supposing she was free to wed, she contracted a bigamous marriage with Harry O'Brien, an attaché of the Oxford water works. Her arrest and indictment followed, and the case was fixed for trial today. Her former husband did not intend to prosecute the bigamy charge.

FIRE DESTROYS AIRSHIP.

New York, Feb. 4.—Fire at Denmead, Hampshire, has destroyed Buchanan's airship, which was built to rival the airship of M. Santos-Dumont, according to a dispatch from London to the Journal and American.

The fire broke out in the shed in which Buchanan's flyer was housed. Tramps charged with standing the blaze have been arrested. This loss will be a serious setback for Thomas Buchanan, the English inventor, who recently completed the burned airship, after devoting twenty years of thought and labor to its construction.

In constructing his machine, Mr. Buchanan endeavored as closely as possible to follow the outlines of a bird. The steering gear was an aluminum rudder shaped like a fish fin. Gasoline motors entered into the scheme of propulsion, and the inventor planned to carry passengers inside the body of the machine instead of in an attached car. The inventor had not given a public demonstration of the working of his machine.

HOW TO GET WELL.
How Peptorene Puts You on Your Feet.

That worn out, half dead feeling can be speedily cured by Peptorene. No matter how the doctor diagnoses your case when you are in a weakened and run-down condition, if he is the right kind of a doctor, he looks first to see that the bowels are performing their work as they should. No man can have good health whose bowels are inactive, sluggish and clogged with poisonous matter. If you neglect to give your bowels attention when they are in this condition, you are simply holding open the door through which disease and death may enter. Don't use violent purgatives, however. They are by nature so foreign to the stomach and bowels as to produce a violent effort on the part of these organs to dislodge the intruder. Of course they succeed, but the system is so weakened in the process as to leave them open for another and more tenacious attack of constipation almost immediately. Inflammation of the bowels then becomes the natural result. If your bowels and stomach need strengthening, use Peptorene, the Health Tablet. Peptorene restores the stomach and bowels to their proper function by strengthening them, not by irritating them into action. Peptorene gives strength and tone to the stomach, induces the flow of gastric juice and saliva in the stomach, purifies the blood, and in a short time restores the worn-out dyspeptic to his old-time freshness and health. Manufactured by the Battle Creek Health Tablet Co., Ltd., Battle Creek, Mich. 25c per box. Write for free trial treatment.

THE MARKETS.

Chicago, Feb. 4.—Markets of the board of trade were of the cold weather sort at the opening. The sentiment was slightly bullish, but trade was quiet and small in volume. Corn was the leader to start and May opened a shade to 1/4c higher at 64c to 64 1/2c on the severe weather and slightly better cables. Receipts were very light and the western offerings were scanty. The prospect of continued cold weather and necessarily increased feeling to stock brought a fair demand. But after the early small spurt there was some selling and on a quieting down of business May worked down again to 63 1/2c and steadied around that figure. Receipts were only 75 cars.

Corn turned bearish soon after its early spurt and sagged back on reports that the weather would moderate tomorrow. Longs, disappointed at the decline, let go liberal quantities, but the dip was small. May closed easy, 1/2c down, at 63 1/2c to 63 3/4c.

Wheat showed some early strength on corn strength, a better cash situation, a slight increase in cables and the cold weather. May opened 1/4c higher at 78 1/2c, but the demand was not sufficient to send prices up and May hovered idly about that figure, selling occasionally at 78 1/2c. Traders were commenting on the Manitoba situation. In Duluth No. 1 Northern Cash Manitoba wheat was quoted at 72 1/2c and May at 74 1/2c.

Samples of the Manitoba wheat were shown on the floor here yesterday and experienced grain handlers pronounced it worth 2c more than Chicago No. 1 northern. While the wheat is quoted 2c and more under Duluth speculators say it shuts out that market and puts Chicago in even a worse condition. Local receipts today were 22 cars, 2 of contract grade. Minneapolis and Duluth reported 280 cars, making a total for the three points of only 302 cars against 472 last week and 313 last year.

Wheat was offered freely when corn sagged and May declined to 78 1/2c, closing barely easy, 1/4c to 1/2c lower, at 78 1/2c to 78 3/4c.

Oats were indifferent and did little during the early hour. The corn strength was carried over into this pit to some extent, but the dullness of trade left the situation practically unchanged from yesterday. May opened with some small demand at 44 1/2c, a gain of 1/4c. Later it sold back to 44 1/2c and hardly fluctuated. Receipts were only 88 cars.

Provisions were buoyed up by good buying in pork. Lard and ribs were steady, but the coarse grain situation and some commission house buying with a better tone at the yards added to the pit. May pork opened 7 1/2c up at \$15.95 and sold up to \$16.05; May lard 2 1/2c higher at \$9.47 1/2, but lost its gain, and May ribs 2 1/2c up at \$8.47 1/2 and eased a shade.

THE DAY ON WALL STREET.
New York, Feb. 4.—Yesterday's features in the stock market continued prominent in the opening dealings. The Minneapolis, St. Paul and Sault Ste. Marie stocks were strong, the preferred rising 1 1/2c. Sugar

gained nearly a point and the large demand for Southern Pacific lifted it a large fraction. There were 4,900 shares of Amalgamated Copper sold at the opening at 73 1/2 to 75, compared with 75 1/2 last night, and the price sagged further on subsequent dealings. In the general list changes were small with gains predominating.

Stocks weakened immediately, and the railroads lost their small rise. Lackawanna and Delaware and Hudson declined a point and Linseed 2 1/4.

Supporting orders appeared later in Amalgamated Copper and when that stock recovered to 75 1/2 Sugar was taken in hand and lifted to 128 1/2.

This buying helped other stocks somewhat. Lackawanna jumped 5 1/2 points to 29 1/2. Duluth, South Shore and Atlantic preferred advanced 1 1/2, Rock Island 1/2 and Tennessee Coal a point. Other changes were fractional.

The advance in Sugar and Amalgamated Copper was checked by realizing sales, but the general market was maintained by strength at other points. Large dealings in Distilling preferred lifted it 2 1/4. The Minneapolis, St. Paul and Sault Ste. Marie stocks continued to advance, the common gaining 3 1/2 and the preferred 6, and Lackawanna rose 1 1/4 further.

Hocking Valley, North American, Louisville, Metropolitan Street Railway, Brooklyn Transit and New Jersey Central gained 1 to 1 1/4. American Express 3, United States Express 2 1/2, and Nashville, Chattanooga and St. Louis 2.

Bonds were irregular.

IS CONSCIENCE A GUIDE?

Many people seem to think if they are conscientious in all they do they cannot be wrong, and the more especially as concerns things moral or religious. In his sermon last night Pastor Harris showed that conscience is a very unreliable monitor, as it is wholly a creature of training or education, and hence is never exactly the same in any two persons. Paul the Apostle "lived in all good conscience" and yet he was a bitter enemy of Christ and his disciples. So conscience, to become a guide to any man, must be carefully trained and educated by a correct standard. Quite a large audience greeted Pastor Harris and listened intently to his discussion of the subject. His conclusion was that the only absolutely safe guide for any man is the word of God and the simple Gospel of Christ. "At the close some eight men and women were immersed by Pastor Harris. Despite the severe weather the house was quite comfortable. The subject tonight will be "Pardon; or, How a Man May Know His Sins are Forgiven." Mr. Hawes will sing "This Way, Papa." The meetings are to continue all this week each evening at 7:30. Baptismal services were announced for tonight also.

An Honest Doctor
(AND)
Eminent Specialist.

D. W. Tucker, A. M. M. D.

INDIANA MEDICAL AND SURGICAL INSTITUTE.

The Oldest, the Largest, and the Best
—Thirty Years' Experience.

Many Imitators, But no Equal.

Permit us to call the attention of our readers to the important fact that there are three essential steps in the successful treatment of disease. First, a correct diagnosis; second, the selection of the proper remedies in their best possible form; and third, a thorough knowledge of knowing how to prepare these remedies and their physiological effects upon the human body, in order to effect a cure. In the three above named facts Dr. D. W. Tucker has no equal in the state of Indiana. He has treated many thousands of cases within the last thirty years.

If one fourth of the people that are now in the cemetery had consulted and been treated by some good specialist in place of their family doctor, they would have lived twenty years longer. Only a Specialist, who thoroughly understands Chronic Diseases, can treat them successfully. Dr. Tucker is without doubt the ablest specialist in this state and has treated and cured more cases of Chronic and Private Diseases than all the other Specialists in this state combined.

A doctor that has restored thousands to health, and can produce undeniable proof of the fact, must be regarded with respect. This is the record of Dr. Tucker, which cannot be equaled by any other specialist in the United States. His success is the result of THIRTY YEARS of careful study, extensive research, observation and remarkable experience in the treatment and cure of thousands of chronic and private diseases of the Brain, Heart, Lungs, Liver, Kidneys, Bladder, Rectum, Gleet, Impotency, Nervous Diseases, Catarrh, Piles, Varicose, Stricture, and all private diseases of both sexes. If Dr. Tucker cannot cure you no other specialist in the United States can. He has deposited in bank ONE THOUSAND DOLLARS that he has treated more cases of chronic diseases and performed more remarkable cures than any THREE SPECIALISTS in the State of Indiana. He will not deceive you, and guarantees to cure every case he takes for treatment. He is vouched for by the best banks and citizens of the state.

The only Master Specialist in the State of Indiana can be found only at the Indiana Medical and Surgical Institute, at No. 10 West Wayne street. Call or address,

RED NOSE.

Sure Sign of Bad Blood—Can Be Cured with Blood Wine.

Many of our Citizens Thus Afflicted Are Obtaining Wonderful Results from this Great Remedy.

Red nose, red, flushed face, pimply skin, sallow complexion, and sores all belong in the same class, known as diseases of the blood. There is no real cure for a person suffering with these disfigurements, because the proper treatment brought to bear on the blood will quickly correct them. "Blood Wine" cures disease by working on the blood. It makes new blood and extracts from it the poisonous matter that creates sores, etc. It literally permeates the blood with new life. It causes redness of the skin to gradually disappear and the tint of health to return. It makes sores, ulcers and pimples dry up and fade away. Its action on the blood is never failing.

This is a picture of Mr. Geo. A. Carter, one of Worcester's leading business men and a power in the industrial life of Massachusetts, who says:

"I am much pleased to be able to give my testimony as to the worth and curative properties of 'Blood Wine.' Having used this remedy for more than a year, I can truthfully say it is the best medicine I have ever used for the blood. I would not be without it at any price. After using the first bottle I was greatly benefited, and my entire system seemed renewed with energy, health and strength before I had finished my second bottle. I can heartily and conscientiously recommend it for old or young as being a remedy that will not disappoint you."

"You should try this great medicine; you will feel the effect of it the moment it strikes the stomach. 'Blood Wine' contains no wine or opiates. It is not a temporary relief but an everlasting cure. 'Blood Wine' costs fifty cents a bottle, but you can sample it free of charge at Feltens & Feltens' drug store."

TRUNK LINES RECOMMEND INTERNATIONAL MILEAGE.

New York, Feb. 4.—At a meeting of the board of directors of the New York Central and Hudson River Railroad company held today, William C. Brown, the present vice president and general manager of the Lake Shore and Michigan Southern railway and Lake Erie and Western railroad, was made third vice president of the New York Central company, with office in New York, to have general superintendence of the transportation, engineering, mechanical and purchasing department. Mr. Brown will give up his position as general manager of the Lake Shore company, but will retain the vice presidency of that road and the Lake Erie and Western company. Within a short time and as soon as the necessary changes can be made for bringing Mr. Brown to New York, F. S. Blodgett, the present general superintendent of the New York Central and Hudson River railroad, will be transferred to Cleveland and will be made general manager of the Lake Shore and Michigan Southern Railway company and of the Lake Erie and Western Railroad company. A. H. Smith, the present general superintendent of the Lake Shore and Michigan Southern railway and the Lake Erie and Western railroad, will be transferred to New York and take the general superintendency of the New York Central. The vacancy thus created in the general superintendency of the Lake Shore and Lake Erie and Western has not yet been arranged for, but it is expected that someone to fill the place will be selected within a few days by the new general manager, Mr. Blodgett.

INTERNATIONAL MILEAGE.

The Trunk Line association has, it is understood, virtually decided upon the establishment of an interchangeable mileage bureau, to have charge of the preparation and accounting of 2,000-mile tickets, interchangeable on any road in the association. Final arrangements, however, have not been concluded. This action is in response to a petition of more than 20,000 merchants in Trunk Line territory, submitted to the association through the New York Board of Trade and Transportation. The board has been actively engaged on this movement for some time past, and, although final details have not been arranged, the outlook seems favorable for the adoption of the interchangeable mileage system.

ED GORDON LEAVES TONIGHT.

Ed Gordon, who has been appointed assistant storekeeper at the Allegheny shops of the Pennsylvania, as stated by The Sentinel, will leave tonight on Pennsylvania train No. 8 for his new home. He is accompanied by the good wishes of everybody who knows him, for the young man is highly esteemed by all.

GAB INSPECTOR HURT.

Frank Henkenius, a car inspector in the Pennsylvania yards, was struck in the side by the steps of a coach Sunday night and painfully bruised. The accident is chargeable to escaping steam, which obstructed the inspector's view. He was compelled to lay off last night in consequence of the injury, but will soon be working again.

VIN DAWSON CALLED HERE.

Vincent W. Dawson, who has been employed in a clerical way on the Chicago Terminal division of the Pennsylvania for the past two years, has been recalled and will take a position with the company in the city. It is not fully decided in what department he will go. There are two positions open to him—that of stenographer in the back room of the superintendent's office and the position recently vacated by Ed D. Challenger. In Shop Clerk J. H. Hrobok's office. Previous to going to Chicago Mr. Dawson was stenographer in Road Foreman C. E. Cooney's office. He is an expert in that line of work and is also well up in other clerical work. He is a son of Prof. G. W. Dawson.

ORGANIZING SOCIAL CLUB.

The movement to organize a social club, the membership of which shall be limited to Pennsylvania employees, has assumed tangible form and will be completed this week. The project is not in any way connected with the East Car Shops Athletic association nor is it in any way antagonistic to that organization.

many of whose members are prominently interested in the social club. Saturday a lease of the hall in the Peter Kiser building, on Calhoun street, was effected and it will be remodeled and partitioned into four compartments. These will be furnished and equipped with gymnastic apparatus, tables, etc., at a cost of \$250 or \$300. So far there are about twenty-five men interested in the social club, but interest is growing and when the hour for final organization arrives the membership will have reached forty or fifty.

The treatment of consumption is every year becoming more successful. The majority of cases can be cured if taken in time. Not more medicine but more common sense is the cause of the improvement.

Fresh air, good climate, food, clothing, exercise, all these are important features of common sense treatment.

FRED N. INNES IN COURT

TROMBONE VIRTUOSO DANCES TO DISCORDANT MUSIC.

Suit Against Wife for Divorce Has Brought Out Confession From

a Lady Friend.

Every musician in Fort Wayne who has been identified with music for a dozen years is probably personally acquainted with Fred N. Innes, the slide-trombone virtuoso, and many more persons not musicians are equally well acquainted with him. He has appeared here frequently and for a year made Fort Wayne his headquarters while he was under the management of a local impresario. He has visited in many families in Fort Wayne and once made a decided hit with a woman who was considerably married and could not accept his attentions as freely as she may perhaps have liked to. During his stay in Fort Wayne he was divorced from his first wife, an English lady, and shortly thereafter married a lady who was traveling with him as his accompanist on his concert tour. Since then Innes has prospered considerably, and being a good-looking, has apparently not grown any older. The New York Sun of last Saturday has the following interesting bit of gossip about him which will unquestionably prove quite entertaining to his Fort Wayne acquaintances and friends:

"Frederick Neill Innes, who has achieved certain fame as the leader of a brass band, found himself facing the music yesterday in part one, special term of the supreme court, to a tune that was none too much to his liking. Mr. Innes some time since sued his wife for divorce, alleging that she was far too much in the company of James J. Corbett, an ex-prize fighter, now posing as an actor, and with other men by him named, one being Everett Crowhurst, an authority on sporting matters, and another Howard Flannigan, of Nashville, Tenn."

"Mrs. Innes answered his complaints by saying that his allegations were altogether untrue and that she wanted \$750 counsel fee for aid in proving them untrue and \$25 a week alimony pending a decision in the matter. Yesterday there were also made public affidavits tending to show, according to the plea of Mrs. Innes, that she was more entitled to a divorce from her husband than he was entitled to a divorce from her. One of these affidavits was in the nature of a confession by Katharine E. Wentzel as to her relations with Mr. Innes."

WAYNE DRY GOODS CO.

Our January Sale is over, with a last day round up, that was a fitting climax for the greatest business we have ever known in our present or former history. While our regular reduction sale is closed it is not the close of the

BARGAIN SEASON.

Our business year does not end until March 1, when we take inventory. Until then you will find extra bargains in all our departments.

We are aware that this has been a year of good trade throughout the whole country, every one in business has been a sharer in it, and we are not so selfish as to regret the prosperity that has come to our neighbors and competitors, especially so, when we have had so satisfactory a portion of it ourselves.

This, however, has only been a

Whetting of Our Appetites,

giving us a legitimate craving for more. This natural desire of business men to see their enterprises grow and increase under their close application and effort, will be more realized by us in the coming year if

Best Goods and Low Prices

will accomplish it.

While we believe no medium for bringing ourselves and our wares to the notice of the public, is superior to the regular newspaper advertisement, yet there are means that can be used as adjuncts, that are pleasing and advantageous. And when we consider them legitimate, popular and profitable we will not hesitate to adopt them.

We propose to continue the presenting of the

Green Trading Stamps

to all our "cash" customers and also call attention to the really elegant and beautiful portrait enlarged to life size from the photograph of yourself, member of your family or friend, as you choose, that you are entitled to free of cost with each \$25 worth of goods bought from us. Take your choice for the amount of your cash purchase from us.

Portrait Coupons or Green Stamps.

New goods coming in every day; New Embroideries, New Laces and White Goods just opened.

IN NORTHERN INDIANA

Whitley county farmers' institute
is held this week at Columbia City.

J. K. Morris, of Hartford City,
dropped dead Monday from heart
disease.

L. A. Bond, of New York, is pre-
paring to pipe gas into Wabash from
oil lands in Liberty township, that
county.

While her husband was in the
room Mrs. James Ertle, of Portland,
attempted to commit suicide by cut-
ting her throat.

Miss Edith Matt, of Logansport,
was seriously scalded by the burst-
ing of an air-tight tea kettle, which
had become overheated.

William Sengbush and John C.
Zahn have been members of the
choir of St. John's church at Michi-
gan City for twenty-five years.

The residence of William Lina, two
miles south of Bluffton, was de-
stroyed by fire Sunday morning. It
started from a defective kitchen flue.

A train at Geneva struck a rig
driven by John Barry, killing the
horse and demolishing the buggy,
but Barry escaped without a scratch.

At Kokomo, Cora Lafollette, aged
sixteen, wants a divorce. She was
wedded at fourteen, but is tired of
married life and wants to return to
school.

Susan Farmer, who died in Whitley
county last week, willed her prop-
erty to the Church of God, naming
three congregations in Whitley coun-
ty as beneficiaries.

At Valparaiso a horse attached to
a sleigh and tied to a tree was found
with its throat cut, while a blood-
stained coat, also showing signs of
a knife thrust, were found in the
sleigh. The authorities are endeavor-
ing to solve the mystery.

One of the female inmates of the
Adams county infirmary took a lot
of trouble to bed with her Sunday night
to keep her feet warm. It set fire
to the bed and the woman had
fallen asleep and three inmates came
near suffocating from smoke. This
fire damage was about \$100.

Arthur Wagner, of Cresco, Whitley
county, fourteen years old, was out
hunting. He stopped at a country
store before returning home and
stood his shotgun up beside the door.
The weapon fell down and was dis-
charged, sending seventy-nine shot
into the abdomen and thighs of the
lad. He is in a serious condition.

NOTED MUSICIAN DEAD.

Philadelphia, Pa., Feb. 4.—David
Adams Warden, one of the oldest
musicians in the city, is dead. In
his earlier years he was organist in
several protestant Episcopal
churches and composed books of
chants, which was popular in this
country, and which was also pub-
lished in England. During the civil
war Mr. Warden composed the music
of many patriotic songs that were
sung by both armies, among them
being "The flags come back to Ten-
nessee," and "All quiet along the Po-
tomac tonight." He wrote both the
words and music of "Mother, don't
weep for your boy," and "Tell me ye
winged winds." The deceased was a
native of England. He was born
in 1815 in the tower of London, his
father being one of the yeomen
warders of the tower, an appoint-
ment which he received through the
influence of the duke of Wellington
in recognition of his bravery at the
battle of Waterloo.

TWO KILLED BY TRAIN.

Allentown, Pa., Feb. 4.—Jacob
Heiler, of Lehigh Gap, and William
Dietrich, of Philadelphia, were
struck by the Black Diamond express
train in the Lehigh Valley railroad
near Lehigh Gap late last night and
killed. Mr. Heiler and his compan-
ion had stepped out of the way of one
train directly in front of the Black
Diamond, which was running at the
rate of fifty miles an hour. Mr.
Heiler was a wealthy farmer and
tanner.

WOULD DISSOLVE FEDERATION.

Brisbane, Queensland, Feb. 4.—
Parliament has been dissolved and
the premier, Robert Philp, has is-
sued an election manifesto, voicing
Queensland's dissatisfaction with
the result of the Australasian federa-
tion. The premier criticizes the com-
monwealth government and declares
that it has bitterly disappointed the
strongest advocates of the union,
which many Australians would glad-
ly see dissolved.

KITCHENER'S REPORT.

London, Feb. 4.—In his weekly re-
port to the war office Lord Kitchener
states that for the week ended Feb. 1
twenty-nine Boer were killed, six
wounded, 142 taken prisoners and
forty-eight surrendered.

SUICIDES TO ESCAPE PRISON.

Hampton, C., Feb. 4.—Preferring
death to the prospect of imprison-
ment, Mrs. Mary Abbott Mills, 25
years old, committed suicide by tak-
ing strychnine at the home of her
mother, Mrs. Susan Moore, yesterday
afternoon. The girl was a victim

of her own inexperience. She was
married when very young to Albert
Mills, from whom she is separated.
Recently, supposing she was free to
wed, she contracted a bigamous mar-
riage with Harry O'Brien, an at-
tache of the Oxford water works. Her
arrest and indictment followed, and
the case was fixed for trial today.
Her former husband did not intend
to prosecute the bigamy charge.

FIRE DESTROYS AIRSHIP.

New York, Feb. 4.—Fire at Den-
mead, Hampshire, has destroyed
Buchanan's airship, which was built
to rival the airship of M. Santos-Du-
mont, according to a dispatch from
London to the Journal and American.

The fire broke out in the shed in
which Buchanan's flyer was housed.
Tramps charged with starting the
blaze have been arrested. This loss
will be a serious setback for Thomas
Buchanan, the English inventor, who
recently completed the burned air-
ship, after devoting twenty years of
thought and labor to its construction.

In constructing his machine,
Mr. Buchanan endeavored as closely
as possible to follow the outlines of
a bird. The steering gear was an
aluminum rudder shaped like a fish
fin. Gasoline motors entered into
the scheme of propulsion, and the
inventor planned to carry passengers
inside the body of the machine in-
stead of in an attached car. The
inventor had not given a public dem-
onstration of the working of his
machine.

HOW TO GET WELL.

How Peptorene Puts You on Your
Feet.

That worn out, half dead feeling
can be speedily cured by Peptorene.
No matter how the doctor diagnoses
your case when you are in a weak-
ened and run-down condition, if he
is the right kind of a doctor, he looks
first to see that the bowels are per-
forming their work as they should.
No man can have good health whose
bowels are inactive, sluggish and
clogged with poisonous matter. If
you neglect to give your bowels at-
tention when they are in this con-
dition, you are simply holding open
the door through which disease and
death may enter. Don't use violent
purgatives, however. They are by
nature so foreign to the stomach and
bowels as to produce a violent effort
on the part of these organs to dis-
lodge the intruder. Of course they
succeed, but the system is so weak-
ened in the process as to leave them
open for another and more tenacious
attack of constipation almost im-
mediately. Inflammation of the bowels
then becomes the natural result. If
your bowels and stomach need
strengthening, use Peptorene, the
Health Tablet. Peptorene restores
the stomach and bowels to their
proper function by strengthening
them, not by irritating them into
action. Peptorene gives strength
and tone to the stomach, induces the
flow of gastric juice and saliva in
the stomach, purifies the blood, and
in a short time restores the worn-
out dyspeptic to his old-time fresh-
ness and health. Manufactured by
the Battle Creek Health Tablet Co.,
Ltd., Battle Creek, Mich. 25c per
box. Write for free trial treatment.

VESSELS ARE FLOATED.

Philadelphia, Pa., Feb. 4.—The
British steamship Europe, from Lon-
don for Philadelphia, and the Earn-
line steamer Drummond from Phila-
delphia for St. Thomas, both of
which grounded in the Delaware
river during yesterday's gale, were

were found to be undamaged and
both proceeded.

A LEGACY OF THE GRIP.

ness, nervousness, lack of appetite,

neys. Thousands have proved that
they wonderfully strengthen the
nerves, build up the system and re-

THE MARKETS.

Chicago, Feb. 4.—Markets of the
board of trade were of the cold
weather sort at the opening. The
sentiment was slightly bullish, but
trade was quiet and small in volume.

Corn was the leader to start and
May opened a shade to 6 1/2c higher
at 64c to 64 1/2c on the severe weather
and slightly better cables. Receipts
were very light and the western of-
ferings were scanty. The prospect
of continued cold weather and nec-
essarily increased feeling to stock
brought a fair demand. But after
the early small start there was some
selling and on a quieting down of
business May worked down again to
63 1/2c and stood around that fig-
ure. Receipts were only 75 cars.

Corn turned bearish soon after its
early start and sagged back on re-
ports that the weather would mod-
erate tomorrow. Longs, disappoint-
ed at the decline, let go liberal quan-
tities, but the dip was small. May
closed easy, 1/2c down, at 63 1/2c.

Wheat showed some early strength
on corn strength, a better cash sit-
uation, a slight increase in cables and
the cold weather. May opened 1/2c
higher at 78 1/2c, but the demand was
not sufficient to send prices up and
May hovered idly about that figure,
selling occasionally at 78 1/2c. Traders
today were commenting on the Mani-
toba situation. In Duluth No. 1
Northern Cash Manitoba wheat was
quoted at 72 1/2c and May at 74 1/2c.

Samples of the Manitoba wheat were
shown on the floor here yesterday
and experienced grain handlers pro-
nounced it worth 2c more than Chi-
cago No. 1 northern. While the
wheat is quoted 2c and more under
Duluth speculators say it shuts out
that market and puts Chicago in
even a worse condition. Local re-
ceipts today were 22 cars, 2 of con-
tract grade. Minneapolis and Du-
luth reported 280 cars, making a
total for the three points of only 302
cars against 472 last week and 313
last year.

Wheat was offered freely when
corn sagged and May declined to
78 1/2c, closing barely easy, 1/4c
lower, at 78 1/2c.

Oats were indifferent and did little
during the early hour. The corn
strength was carried over into this
pit to some extent, but the dullness
of trade left the situation practically
unchanged from yesterday. May
opened with some small demand at
44 1/2c, a gain of 1/2c. Later it sold
back to 44 1/2c and hardly fluctuated.
Receipts were only 88 cars.

Provisions were buoyed up by
good buying in pork. Lard and ribs
were steady, but the coarse grain
situation and some commission house
buying with a better tone at the
yards aided the pit. May pork
opened 7 1/2c up at \$15.95 and sold
up to \$16.05; May lard 2 1/2c higher
at \$8.47 1/2, but lost its gain, and
May ribs 2 1/2c up at \$8.47 1/2 and
closed a shade.

THE DAY ON WALL STREET.

New York, Feb. 4.—Yesterday's
features in the stock market contin-
ued prominent in the opening deal-
ings. The Minneapolis, St. Paul and
Sault Ste. Marie stocks were strong,
the preferred rising 1 1/4. Sugar

gained nearly a point and the large
demand for Southern Pacific lifted it
a large fraction. There were 4,200
shares of Amalgamated Copper sold
at the opening at 75 1/2 to 75, com-
pared with 75 1/2 last night, and the
price sagged further on subsequent
dealings. In the general list changes
were small with gains predomina-
ting.

Stocks weakened immediately, and
the railroads lost their small rise.
Lackawanna and Delaware and Hud-
son declined a point and Linseed 2 1/4.
Supporting orders appeared later in
Amalgamated Copper and when that
stock recovered to 75 1/2 Sugar was
taken in hand and lifted to 128 1/2.
This buying helped other stocks
somewhat. Lackawanna jumped 3 1/4
points to 295 1/4. Duluth, South
Elmore and Atlantic preferred ad-
vanced 1 1/4, Rock Island 1/2 and Ten-
nessee Coal a point. Other changes
were fractional.

The advance in Sugar and Amal-
gamated Copper was checked by real-
izing sales, but the general market
was maintained by strength at other
points. Large dealings in Distilling
preferred lifted it 2 1/4. The Minne-
apolis, St. Paul and Sault Ste. Marie
stocks continued to advance, the com-
mon gaining 3 1/2 and the preferred 6,
and Lackawanna rose 1 1/4 further.
Hocking Valley, North American,
Louisville, Metropolitan Street Rail-
way, Brooklyn Transit and New Jer-
sey Central gained 1 to 1 1/4. Amer-
ican Express 3, United States Ex-
press 2 1/2, and Nashville, Chattanooga
and St. Louis 2.

Bonds were irregular.

ILL HEALTH RESPONSIBLE FOR THE CHANGE.

H. F. Hilgeman, who for fifty-one years has been a resident of this city, and for the past eighteen years has conducted the popular grocery at 123 West Jefferson street, yesterday disposed of his store to his son, Frank H. Hilgeman, who has been associated for some years with his father in the management of the store. Mr. Frank Hilgeman conducted the meat market adjoining the store, but sold this branch of the business to Clyde W. Klunger, who will maintain the high standard established for the business by Mr. Hilgeman.

Owing to ill health Mr. Hilgeman, sr., was forced to retire, but Mr. Frank Hilgeman will endeavor to keep the store up to the high mark in popular favor that it reached under the management of his father and will at all times have it completely stocked with everything that is found in a first class modern grocery and customers will receive the same courtesy and prompt attention in the future that has been one of the great drawing powers in this store in the past.

Telephone orders will receive prompt attention and goods will be delivered to any part of the city. As for prices, this store has always had the reputation of selling goods as low priced as is consistent with first class merchandise.

HE HAD ON A DREAM JAG

THOMAS CONROY AGAIN BEFORE POLICE JUDGE.

Asserted That He Had Committed Robbery and He Certainly Was Drunk—Police News.

Judge Loutitt leaned far over his desk this morning and whispered in Superintendent Gorsline's ear: "Wasn't that fellow here wunst before?" referring to Thomas Conroy, who sat in solitary state on a chair twice removed from the other prisoners. Readers of The Sentinel's police column may remember that about a week ago Mr. Conroy had an attack of blind staggers at the south depot very early in the morning. While he was getting rid of the fit he bought several drinks for a stranger who, he claimed, robbed him of about \$15 a few minutes later. The stranger had Tom's money and Tom had some left, so both pleaded not guilty, but settled their fines after the evidence was heard. Last night Mr. Conroy came to town and as time passed on he grew drunker and drunker and presently grew confidential. During one of his confidential moods he broke the news to the depot officer that he had just robbed his bosom friend, Mr. O'Brien, a French resident of Peru, of \$30. The officer, shocked by the startling disclosure, took Mr. Conroy to the calaboose and locked him up for the night. This morning Tom said he did not remember anything about the robbery, but confessed to being drunk. The judge said it would be eleven days, and meanwhile Superintendent Gorsline has written to Peru to find out about the \$30 story.

Daniel Mulligan played his hand at police court like a Rocky mountain poker player or a real Bret Harte "heathen Chinese." When the judge raised the ante Dan stood it and raised him back until finally the judge was obliged to call. All this cost Dan \$20, although he could have got out with eleven if he had passed the first time around. Dan is another of the straggling relics of the Butler-Wabash extension and he doesn't like the brand of justice dealt out in Fort Wayne, because it harnesses up several of his friends who had money during the past few weeks. Anyway, Dan was drunk and admitted it, but he didn't like the way that Officer Heller told about it to Judge Loutitt. He interrupted the officer while he was giving his testimony and when told by the court to sit down, that he could talk later on, he said: "Go wan wid ye; I'll talk now."

"That'll cost you \$11," said the judge.

"Wot do I keer for 'leven dollars? Make it twilve of y' want to," responded Danny, with much gusto.

"Now, lookie here," said hiszonner, getting blue under his necktie, "you can't talk like that in here; I'll just make your fine fifteen dollars."

The raise never fazed him at all. "Fifteen is it? Why don't y' make it twenty? I've heard all about yer coorts and yer justice in Fort Wayne an' I gess it's a faine toime a lad would hev in thyrin' to git away from yees guys. Y' kin make it twenty or thirty ex—"

"It's twenty dollars and costs," said the judge. "Take him downstairs; he's nutty."

John Mack was the only lucky individual at court this morning, barring the reporters. John had such an unsentimental jag and was so penitent that the judge fined him \$11 from force of habit and then suspended sentence.

A gentleman named Smith called at the police station this morning to inquire whether Mortimer Chase was dead or whether his parents had been heard from. Superintendent Gorsline answered the questions, and thinking perhaps the visitor was a relative, inquired: "Are you a friend of his?" "No," said Mr. Smith, "he owes me a board bill and I thought mebbe his old man would settle if he comes down here for him."

Mr. Wehrle, proprietor of a bakery at 126 Fairfield avenue, mourns the loss of a large window glass, through which someone hurled a brick last night.

An order was issued this morning for the revocation of Mendal Frank's man-eating dog. Officer Paul did the execution and Officer Tremmel conducted the subsequent ceremonies.

Horse Sense.

"Any fool can take a horse to water, but it takes a wise man to make him drink," says the proverb. The horse eats when hungry and drinks when thirsty. A man eats and drinks by the clock, without regard to the needs of nature. Because of careless eating and drinking "stomach trouble" is one of the commonest of diseases. Sour and bitter risings, belchings, unnatural fullness after eating, dizziness, headache, and many other symptoms mark the beginning and progress of disease of the stomach.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach, and other organs of digestion and nutrition. It cures through the stomach diseases of other organs which have their origin in a diseased condition of the stomach, and allied organs of digestion and nutrition. It strengthens the stomach, purifies the blood, cures obstinate cough and heals weak lungs.

"I was taken with Grippe, which resulted in heart and stomach trouble," writes Mr. T. R. Caudill, Mountland, Alleghany Co., N. C. "I was unable to do anything a good part of the time. I wrote to Dr. Pierce about my condition, having full confidence in his medicine. He advised me to take his 'Golden Medical Discovery,' which I did. Before I had finished the second bottle I began to feel better. I have used nearly six bottles. I feel thankful to God for the benefit I have received from Dr. Pierce's Golden Medical Discovery. I can highly recommend it to all persons as a good and safe medicine."

RED NOSE.

Sure Sign of Bad Blood—Can Be Cured with Blood Wine.

Many of our Citizens Thus Afflicted Are Obtaining Wonderful Results from this Great Remedy.

Red nose, red, flushed face, pimply skin, sallow complexion, and sores all belong in the same class, known as diseases of the blood. There is really no cure for a person suffering with these ailments, because the proper treatment brought to bear on the blood will quickly correct them. "Blood Wine" cures diseases working on the blood. It makes new blood and extracts from the poisonous matter that creates sores, etc. It literally purifies the blood with new life. It causes redness of the skin to gradually disappear and the tint of health to return. It makes sores, ulcers and pimples dry up and fade away. Its action on the blood is never failing.

This is a picture of Mr. Geo. A. Carter, one of Worcester's leading business men and a power in the industrial life of Massachusetts, who says:

"I am much pleased to be able to give my testimony as to the worth and curative properties of 'Blood Wine.' Having used this remedy for more than a year, I can truthfully say it is the best medicine I have ever used for the blood. I would not be without it at any price. After using the first bottle I was greatly benefited, and my entire system seemed renewed with energy, health, and strength before I had finished my second bottle. I can heartily and conscientiously recommend it for old or young as being a remedy that will not disappoint you."

You should try this great medicine; you will feel the effect of it the moment it strikes the stomach. "Blood Wine" contains no wine or opiates. It is not a temporary relief but an everlasting cure. "Blood Wine" costs fifty cents a bottle, but you can sample it free of charge at Fellens & Polster's drug store.

RADICAL CHANGES

VANDERBILT LINES PLACED UNDER NEW MANAGEMENT.

BLODGETT TO CLEVELAND

WILL HAVE CHARGE OF LAKE SHORE AND L. E. & W.

TO BE GOOD EVERYWHERE

TRUNK LINES RECOMMEND INTERNATIONAL MILEAGE.

New York, Feb. 4.—At a meeting of the board of directors of the New York Central and Hudson River Railroad company held today, William C. Brown, the present vice president and general manager of the Lake Shore and Michigan Southern railway and Lake Erie and Western railroad, was made third vice president of the New York Central company, with office in New York, to have general superintendence of the transportation, engineering, mechanical and purchasing department. Mr. Brown will give up his position as general manager of the Lake Shore company, but will retain the vice presidency of that road and the Lake Erie and Western company. Within a short time and as soon as the necessary changes can be made for bringing Mr. Brown to New York, P. S. Blodgett, the present general superintendent of the New York Central and Hudson River railroad, will be transferred to Cleveland and will be made general manager of the Lake Shore and Michigan Southern Railway company and of the Lake Erie and Western Railroad company. A. H. Smith, the present general superintendent of the Lake Shore and Michigan Southern railway and the Lake Erie and Western railroad, will be transferred to New York and take the general superintendency of the New York Central. The vacancy thus created in the general superintendency of the Lake Shore and Lake Erie and Western has not yet been arranged for, but it is expected that someone to fill the place will be selected within a few days by the new general manager, Mr. Blodgett.

INTERNATIONAL MILEAGE.

The Trunk Line association has, it is understood, virtually decided upon the establishment of an interchangeable mileage bureau, to have charge of the preparation and accounting of 2,000-mile tickets, interchangeable on any road in the association. Final arrangements, however, have not been concluded. This action is in response to a petition of more than 20,000 merchants in Trunk Line territory, submitted to the association through the New York Board of Trade and Transportation. The board has been actively engaged on this movement for some time past, and, although final details have not been arranged, the outlook seems favorable for the adoption of the interchangeable mileage system.

ED GORDON LEAVES TONIGHT.

Ed Gordon, who has been appointed assistant storekeeper at the Allegheny shops of the Pennsylvania, as stated by The Sentinel, will leave tonight on Pennsylvania train No. 8 for his new home. He is accompanied by the good wishes of everybody who knows him, for the young man is highly esteemed by all.

CAR INSPECTOR HURT.

Frank Henkens, a car inspector in the Pennsylvania yards, was struck in the side by the steps of a coach Sunday night and painfully bruised. The accident is chargeable to escaping steam, which obstructed the inspector's view. He was compelled to lay off last night in consequence of the injury, but will soon be working again.

VIN DAWSON CALLED HERE.

Vincent W. Dawson, who has been employed in a clerical way on the Chicago Terminal division of the Pennsylvania for the past two years, has been recalled and will take a position with the company in the city. It is not fully decided in what department he will go. There are two positions open to him—that of stenographer in the back room of the superintendent's office and the position recently vacated by Ed D. Challenger, in Shop Clerk J. H. Rohrbach's office. Previous to going to Chicago Mr. Dawson was stenographer in Road Foreman C. R. Colme's office. He is an expert in that line of work and is also well up in other clerical work. He is a son of Prof. G. W. Dawson.

ORGANIZING SOCIAL CLUB.

The movement to organize a social club, the membership of which shall be limited to Pennsylvania employees, has assumed tangible form and will be completed this week. The project is not in any way connected with the East Car Shops Athletic association nor is it in any way antagonistic to that association,

many of whose members are prominently interested in the social club. Saturday a lease of the hall in the Peter Kiser building, on Calhoun street, was effected and it will be remodeled and partitioned into four compartments. These will be furnished and equipped with gymnastic apparatus, tables, etc., at a cost of \$250 or \$300. So far there are about twenty-five men interested in the social club, but interest is growing and when the hour for final organization arrives the membership will have reached forty or fifty.

HAUSBACH ADVANCED.

Hereafter he will have complete charge of the steam-fitting work in the locomotive department, which before had been divided. Mr. Hausbach has worked in the Wabash shops thirty-two years, beginning his term of service as an apprentice in the machine room. He is a good mechanic, a good fellow and is entitled to the promotion that has just fallen upon him.

COMMON SENSE AND CONSUMPTION

The treatment of consumption is every year becoming more successful. The majority of cases can be cured if taken in time. Not more medicine but more common sense is the cause of the improvement.

Fresh air, good climate, food, clothing, exercise, all these are important features of common sense treatment.

FRED N. INNES IN COURT

TROMBONE VIRTUOSO DANCES TO DISCORDANT MUSIC.

Suit Against Wife for Divorce Has

Brought Out Confession From a Lady Friend.

Every musician in Fort Wayne who has been identified with music for a dozen years is probably personally acquainted with Fred N. Innes, the slide-trombone virtuoso, and many more persons not musicians are equally well acquainted with him. He has appeared here frequently and for a year made Fort Wayne his headquarters while he was under the management of a local impresario. He has visited in many families in Fort Wayne and once made a decided hit with a woman who was considerably married and could not accept his attentions as freely as she may perhaps have liked to. During his stay in Fort Wayne he was divorced from his first wife, an English lady, and shortly thereafter married a lady who was traveling with him as his accompanist on his concert tour. Since then Innes has prospered considerably, and being a good-looking, has apparently not grown any older. The New York Sun of last Saturday has the following interesting bit of gossip about him which will unquestionably prove quite entertaining to his Fort Wayne acquaintances and friends:

"Frederick Neill Innes, who has achieved certain fame as the leader of a brass band, found himself facing the music yesterday in part one, special term of the supreme court, to a tune that was none too much to his liking. Mr. Innes some time since sued his wife for divorce, alleging that she was far too much in the company of James J. Corbett, an ex-prize fighter, now posing as an actor, and with other men by him named, one being Everett Crowhurst, an authority on sporting matters, and another Howard Flannigan, of Nashville, Tenn.

"Mrs. Innes answered his complaints by saying that his allegations were altogether untrue and that she wanted \$750 counsel fee for aid in proving them untrue and \$25 a week alimony pending a decision in the matter. Yesterday there were also made public affidavits tending to show, according to the plea of Mrs. Innes, that she was more entitled to a divorce from her husband than he was entitled to a divorce from her. One of these affidavits was in the nature of a confession by Katharine B. Wentzel as to her relations with Mr. Innes."

WAYNE DRY GOODS CO.

Our January Sale is over, with a last day round up, that was a fitting climax for the greatest business we have ever known in our present or former history. While our regular reduction sale is closed it is not the close of the

BARGAIN SEASON.

Our business year does not end until March 1, when we take inventory. Until then you will find extra bargains in all our departments.

We are aware that this has been a year of good trade throughout the whole country, every one in business has been a sharer in it, and we are not so selfish as to regret the prosperity that has come to our neighbors and competitors, especially so, when we have had so satisfactory a portion of it ourselves.

This, however, has only been a

Whetting of Our Appetites,

giving us a legitimate craving for more.

This natural desire of business men to see their enterprises grow and increase under their close application and effort, will be more realized by us in the coming year if

Best Goods and Low Prices

will accomplish it.

While we believe no medium for bringing ourselves and our wares to the notice of the public, is superior to the regular newspaper advertisement, yet there are means that can be used as adjuncts, that are pleasing and advantageous. And when we consider them legitimate, popular and profitable we will not hesitate to adopt them.

We propose to continue the presenting of the

Green Trading Stamps

to all our "cash" customers and also call attention to the really elegant and beautiful portrait enlarged to life size from the photograph of yourself, member of your family or friend, as you choose, that you are entitled to free of cost with each \$25 worth of goods bought from us. HE HAD ON A DREAM JAG

THOMAS CONROY AGAIN BEFORE POLICE JUDGE.

Asserted That He Had Committed Robbery and He Certainly Was Drunk—Police News.

Judge Loutitt leaned far over his desk this morning and whispered in Superintendent Gorsline's ear: "Wasn't that fellow here wunst before?" referring to Thomas Conroy, who sat in solitary state on a chair twice removed from the other prisoners. Readers of The Sentinel's police column may remember that about a week ago Mr. Conroy had an attack of blind staggers at the south depot very early in the morning. While he was getting rid of the fit he bought several drinks for a stranger who, he claimed, robbed him of about \$15 a few minutes later. The stranger had Tom's money and Tom had some left, so both pleaded not guilty, but settled their fines after the evidence was heard. Last night Mr. Conroy came to town and as time passed on he grew drunker and drunker and presently grew confidential. During one of his confidential moods he broke the news to the depot officer that he had just robbed his bosom friend, Mr. O'Brien, a French resident of Peru, of \$30. The officer, shocked by the startling disclosure, took Mr. Conroy to the calaboose and locked him up for the night. This morning Tom said he did not remember anything about the robbery, but confessed to being drunk. The judge said it would be eleven days, and meanwhile Superintendent Gorsline has written to Peru to find out about the \$30 story.

Daniel Mulligan played his hand at police court like a Rocky mountain poker player or a real Bret Harte "heavenly Chinese." When the judge raised the ante Dan stood it and raised him back until finally the judge was obliged to call. All this cost Dan \$20, although he could have got out with eleven if he had passed the first time around. Dan is another of the struggling relics of the Butler-Wabash extension and he doesn't like the brand of justice dealt out in Fort Wayne, because it harnessed up several of his friends who had money during the past few weeks. Anyway, Dan was drunk and admitted it, but he didn't like the way that Officer Heller told about it to Judge Loutitt. He interrupted the officer while he was giving his testimony and when told by the court to sit down, that he could talk later on, he said: "Go wan wild ye; I'll talk now."

"That'll cost you \$11," said the judge.

"Wot do I keer for 'liven dollars? Make it twelve of y' want to," responded Danny, with much gusto.

"Now, look here," said hizzoner, getting blue under his necktie, "you can't talk like that in here; I'll just make your fine fifteen dollars."

The raise never fazed him at all. "Fifteen is it? Why don't y' make it twenty? I've heard all about yer courts and yer justice in Fort Wayne an' I guess it's a jine to me a lad would hev in thyrin' to git away from yess guys. Y' kin make it twenty or thirty er—"

"It's twenty dollars and costs," said the judge. "Take him downstairs; he's nutty."

John Mack was the only lucky individual at court this morning, barring the reporters. John had such an unseasonal jag and was so penitent that the judge fined him \$11 from force of habit and then suspended sentence.

A gentleman named Smith called at the police station this morning to inquire whether Mortimer Chase was dead or whether his parents had been heard from. Superintendent Gorsline answered the questions, and thinking perhaps the visitor was a relative, inquired: "Are you a friend of his?"

"No," said Mr. Smith, "he owes me a board bill and I thought maybe his old man would settle it if he comes down here for him."

Mr. Wehrle, proprietor of a bakery at 126 Fairfield avenue, mourns the loss of a large window glass, through which someone hurled a brick last night.

An order was issued this morning for the revocation of Mendal Frank's man-eating dog. Officer Paul did the execution and Officer Tremmel conducted the subsequent ceremonies.

M. L. Hussey, a Cromwell druggist, is in the city.

Horse Sense.

"Any fool can take a horse to water, but it takes a wise man to make him drink," says the proverb. The horse eats when hungry and drinks when thirsty. A man eats and drinks by the clock, without regard to the needs of nature. Because of careless eating and drinking "stomach trouble" is one of the commonest of diseases. Sour and biliousness, indigestion, belching, flatulency, nervousness, dizziness, headache, and many other symptoms mark the beginning and progress of disease of the stomach.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It cures through the stomach diseases of other organs which have their origin in a diseased condition of the stomach, and allied organs of digestion and nutrition. It strengthens the stomach, purifies the blood, cures obstinate cough and weak lungs.

It was taken with Grippe, which resulted in heart and stomach trouble. I wrote Dr. T. R. Canfield, Montreal, Alleghany Co., N. C. "I was unable to do anything a good part of the time. I wrote to Dr. Pierce about my condition, having full confidence in his medicine. He advised me to take his Golden Medical Discovery, which I did. Before I had finished the second bottle I began to feel better. I have used nearly six bottles. I feel thankful to God for the benefit I have received from Dr. Pierce's Golden Medical Discovery. I can highly recommend it to all persons as a good and safe medicine."
